## GEN. TREAT TO COMMAND OHIO GUARD TROOPS

Former West Point Com-  
mandant Picked by War  
Department As Leader

## GEN. GLENN WILL TRAIN TROOPS AT CHILlicothe

Other Ohio Men Named On  
General Treat's Offi-  
cial Staff

(ASSOCIATED PRESS TELEGRAM)  
Columbus, O., Aug. 17.—Ohio's  
division of the National Guard army  
is to be commanded by Major General  
Charles G. Treat, and the Ohio-West  
Virginia conscript army by Major  
General Edwin F. Glenn, both regu-  
lar army officers.

This was announced by the war  
department at Washington and today  
is the subject of elation among guard  
officers. Major Generals Treat and  
Glenn both are favorably known to  
Ohio army officers as soldiers of im-  
pressive personality, and known to be  
efficient in all phases of military  
duty.

Governor Cox recommended to the  
war department that Adjutant Gen-  
eral Wood of Dayton, be assigned the  
place to major general of the  
Ohio guard division. Adjutant Gen-  
eral Wood's name was not mentioned  
in the war department's list of as-  
signments.

Three Ohio brigadier generals are  
assigned places on Major General  
Treat's staff. They are:

Brigadier General W. V. Mc-  
Maken, Toledo; Seventy-second In-  
fantry Brigade.

Brigadier General John C. Speaks,  
Seventy-third Infantry Brigade.

Brigadier General C. X. Zimmer-  
man, Cleveland; Sixty-second Depot  
Battalion.

Lieutenant Colonel D. T. Merrill  
and Brigadier General R. H. Smith,  
both regular army officers, are the  
other two staff officers of the Ohio  
guard division. Merrill is appointed  
chief of staff, and Smith, commander  
of the Sixty-second Field Artillery  
Battalion.

Staff officers named to serve un-  
der Major General Glenn at the Chil-  
licothe cantonment are:

Lieutenant Colonel P. T. Hayne,  
chief of staff.

Brigadier General W. A. Bolbrook,  
One Hundred and Eighty-fifth In-  
fantry Brigade.

Brigadier General F. W. Perkins,  
One Hundred and Sixty-sixth In-  
fantry Brigade.

Brigadier General J. H. McRae,  
One Hundred and Fifty-eighth Depot  
Battalion.

Brigadier General C. H. McKinstry,  
One Hundred and Fifty-eighth In-  
fantry Brigade.

Ohio's guard division, to concen-  
trate at Montgomery, Ala., was of-  
(Continued on Page 9, Col. 3.)

## PARISIAN DANCER SENTENCED TO DIE

Marguerite Gertrude Zelle.

Marguerite Gertrude Zelle, a cele-  
brated Parisian Hindoo dancer, bet-  
ter known in Paris as "Marti-Hari,"  
has been sentenced by French court-  
martial to die. She was arrested  
some months ago on charges of  
espionage.

## FAMOUS ST. QUENTIN CATHEDRAL BURNS; TOWN IS PILLAGED

French Front in France, Aug. 17.—  
The fire in the St. Quentin Cathed-  
ral was first observed about 6  
o'clock Wednesday night by guards  
in a French trench outside of St.  
Quentin. They were startled to see  
flames breaking from the famous  
cathedral and soon the entire struc-  
ture was ablaze. The fire contin-  
ued to light up the town and sur-  
rounding country until 2 o'clock in  
the morning. As it died down, it  
was seen that the steep roof had  
fallen in. Everything but the walls  
must be destroyed. The cause is un-  
known. Certainly it was not due to  
the French fire. There was little  
bombardment last night and when  
the correspondent watched columns  
of smoke float away on a light wind  
the landscape was singularly peace-  
ful. Prisoners say the town has  
lately been pillaged by officers and  
men who are sending many stolen  
valuables to Germany.

"At nightfall Wednesday," tele-  
graphs a Havas correspondent on  
the French front, "we saw from our  
lines which at places are less than  
half a mile from the suburbs of St.  
Quentin, that the cathedral was sur-  
rounded by smoke. Soon fire was  
visible, increasing each moment un-  
til at midnight the imposing monu-  
ment was a mass of flames, visible  
for 20 miles around.

"It is impossible at this time to  
determine the origin of the fire. The  
Germans cannot lay it to our  
shells, for St. Quentin is so near our  
lines that not a single French pro-  
jectile has fallen into the city. The  
high towers of the cathedral gave  
the Germans an observation point  
unique in that region. We cannot  
yet understand what powerful mo-  
tives induced them to destroy it.

## DISAGREE ON PRICE DAIRYMEN THROW AWAY GOOD MILK

Columbus, O., Aug. 17.—Dairymen  
in northern Ohio are throwing  
away milk because of a disagreement  
over prices with Pittsburgh, Pa., buy-  
ers, and Governor Cox has been  
asked to suggest some means for pre-  
venting the waste, according to a  
statement given out today at the  
governor's office.

Information of the differences  
leading to waste of milk was con-  
tained in a telegram from Prosecutor  
Clare Caldwell, Warren, Trumbull  
county, to Governor Cox as follows:  
"Farmers in northeastern Ohio, in-  
cluding Trumbull county, are mem-  
bers of a dairymen's association.  
Until recently they have been sell-  
ing milk to Pittsburgh, Pa., buyers,  
the only local market.  
"For some time past there has  
been a disagreement on price and as  
a result many farmers have been  
throwing away milk.  
"I am calling your attention to  
the matter in hope you may have at  
hand some method of prevention of  
such wanton waste of food."  
The Ohio war defense council has  
taken up the matter and a confer-  
ence will be held today between Howell  
Wright, executive secretary, and H.  
W. Ingersoll, president, of the Ohio  
State Milk Producers' association,  
and Professor Oscar E. H. Ohio State  
University, secretary of the Ohio  
State Dairymen's association, has  
been called to attempt a solution  
that will apply to the whole state.

## TEXAS AND IOWA MEN APPOINTED BY PRESIDENT

Washington, Aug. 17.—Clarence  
Ousley of College Station, Texas,  
and Raymond A. Pearson, of Ames,  
Iowa, were nominated today by  
President Wilson to be assistant sec-  
retaries of agriculture, under provi-  
sions of the food survey law.

## CHINA WILL NOT JOIN ALLIES IN WAR ON GERMANS

China's Action Will Be En-  
tirely Independent It  
is Said

## GERMAN BANK CLOSED; HOLLAND ACTS FOR KAISER

Alien Enemies Must Depart  
Within Five Days Ac-  
cording to Edict

(ASSOCIATED PRESS TELEGRAM)  
Peking, Tuesday, Aug. 14. (De-  
layed).—China's declaration of war  
on Germany and Austria-Hungary  
beginning at 10 a. m. today and the  
other documents relating to the con-  
flict to not mention the association  
of the Chinese republic with the en-  
emy powers. They indicate that  
China's action will be entirely inde-  
pendent.

The declaration of war aroused lit-  
tle excitement in Peking or in other  
China cities, the long discussion of  
the question having discounted its  
effect.

The Netherlands minister to China  
today took over the Austrian inter-  
ests and received the arms of the  
Austrian guard. The doors of the  
Deutsch Bank have been sealed.

Chinese troops at Tien Tsin took  
over the Austrian concession and the  
German bank and German barracks  
there without incident.

Regulations issued today by the  
Chinese government permit the de-  
parture of Germans and Austrians  
within five days. Registration with-  
in ten days is required to permit  
Tientsin to continue doing business  
if it does not affect China's welfare.

Enemy subjects are forbidden to  
travel without permits. The regula-  
tions also provide for the internment  
of troublesome enemies.

The proclamation of war which  
was signed by President Feng Kwo  
Chang, reviews China's efforts made  
to induce Germany to modify her  
submarine policy. It says that re-  
spect for international law and pro-  
tection of the lives and property of  
Chinese citizens forced China to  
sever relations with Germany and  
now compelled China to declare war  
against Germany and Austria, too, as  
it was not Germany alone but Aus-  
tria-Hungary as well which adopted  
and pursued this policy without  
abatement.

The proclamation declares that all  
treaties, agreements and protocols  
between China and the central pow-  
ers have been abrogated. It says  
China will respect the Hague con-  
ventions and the international agree-  
ments respecting the humane con-  
duct of the war, and in conclusion,  
assert that China's object in enter-  
ing the war is to hasten peace.

"Our people," says President  
Feng Kwo Chang, "have not yet re-  
covered from the sufferings due to  
the recent political disturbances. Cal-  
amity again befalls us. I, as presi-  
dent of the republic, have a profound  
sympathy for our people when I con-  
sider their further sufferings. I did  
not resort to this step until it seemed  
impossible to delay the momentous  
decision. I could not bear to think  
that the dignity of international law  
should be impaired through us; that  
our position in the family of nations  
should be undermined, or that the  
restoration of world peace and hap-  
piness should be retarded.

## BELIEVE PACIFIC SHIPS DESTROYED BY ENEMY BOMBS

(ASSOCIATED PRESS TELEGRAM)  
A Pacific Port, Aug. 17.—Five  
ships, three American, one British  
and one Japanese are overdue at this  
port and have been practically given  
up by their owners and agents.  
Marines say they believe the vessels  
have been destroyed by time bombs  
placed in the cargoes by enemy  
agents. This theory was strength-  
ened today when a sailor employed  
near this port told of having seen  
fragile bottles, containing acid, taken  
from cargo powder cases, where  
they had been placed in such a man-  
ner that the breaking of the bottle  
would have ignited the powder.

## VON BERNSTORFF TO GET CONSTANTINOPLE POST

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Aug. 15, via London, Aug.  
16.—The appointment of Count von  
Bernstorff, former German ambas-  
sador to the United States as Ger-  
man ambassador at Constantinople  
is forecast. Count von Bernstorff  
arrived in Berlin today and has been  
in conference with Imperial Chan-  
cellor Michaelis.

## AMERICAN SOLDIERS ON WAY TO FRONT GREETED BY KING GEORGE

King George at the training camp of American troops in England.  
King George recently paid a visit to the training camp of American soldiers in England awaiting their call to the fighting front in France. American Sammys are pleased with the cordiality of their reception wherever they appear in England and with the hearty cheers that greet them. King George has many times expressed his warm admiration for the trim and sturdy American trooper.

## DR. JOHN T. HARBOTTLE KILLED WHEN AUTOMOBILE UPSETS NEAR CONNEAUT; OTHERS ESCAPE INJURY

Dr. John T. Harbottle, well known local physician with offices at Hudson avenue and Locust street, and who also resided there with his wife and little children, died at 10:45 this morning in a hospital at Conneaut, Ashtabula county, Ohio, as the result of an automobile accident which happened near that place at 3:30 o'clock this morning. Two other men from this city were members of the party, John H. Swisher and his son Carl, as was also H. K. Smith, a haberdasher, of Columbus.

The four men left this city last night in the Carl Swisher automobile, their destina-  
tion being a point in Canada north of Syracuse, N. Y., where they expected to spend  
ten days fishing. They had arranged to drive straight through without making any  
stops, except when necessary for meals, Carl Swisher, Dr. Harbottle and Mr. Smith to  
take turns at driving the machine.

It is not known who was driving  
when the accident occurred. A special  
telegram to The Advocate shortly  
after 11 o'clock from Conneaut  
stated that Dr. Harbottle had died  
in the hospital at that place at the  
above hour and that the accident was  
caused when the machine struck a  
rut and overturned three times. John  
Swisher was badly cut and bruised  
about the feet and the other two men  
escaped with minor injuries. Dr.  
Harbottle was rushed to the hospital  
at Conneaut and lingered until the  
above hour.

News reached this city at 5  
o'clock this morning when Carl  
Swisher telephoned to Dr. Homer J.  
Davis, who occupies offices in the  
same apartment with Dr. Harbottle,  
telling him of the accident, and Dr.  
Davis and Mrs. Harbottle accompa-  
nied by Miss Muriel McMahon, a  
trained nurse, left for Conneaut at  
10:20 o'clock going by way of the  
Big Four railway, but a telegram  
will probably intercept them before  
they reach Cleveland.

Dr. Harbottle and the other three  
members of the auto party were  
members of the Elk lodge and offi-  
cials of the local lodge telegraphed  
to Exalted Ruler H. L. DeVoe at Con-  
neaut to give the dead physician and  
the injured men every attention.

Dr. John T. Harbottle was aged 45  
years and was a son of James Har-  
bottle of Delaware county; his moth-  
er dying about six years ago. Mr.

Harbottle remained on the farm un-  
til a young man when he entered  
Ohio Wesleyan University at Dela-  
ware, O., and after a course there  
entered the Sturges medical college  
at Columbus from which place he  
graduated and shortly afterwards ac-  
cepted a position as a house physi-  
cian at Mt. Carmel hospital at Co-  
lumbus. After serving there some  
time he was appointed assistant phy-  
sician in the Dayton State Hospital,  
where he remained several years.

While located at Columbus Dr.  
Harbottle was united in marriage to  
Miss Margaret Hayes, and they came  
to this city eleven years ago. Two  
children were born to them, Helen,  
aged 9, and Julie Ann, aged 5 years,  
who with the mother survive to  
mourn the death of a loving husband  
and a kind father, whose first  
thought was always his home and  
family.

Fraternally Dr. Harbottle was af-  
filiated with the local lodge of Elks  
and the K. of P. lodge. He sought  
his recreation at the club, where he  
was universally respected and held in  
the highest esteem. Dr. Harbottle  
had provided for his little family in  
case something might happen to him  
and carried a life insurance in sev-  
eral companies amounting to \$25,000.  
No arrangements have been made for  
the funeral, Dr. Davis and Mrs. Har-  
bottle being unaware of the doctor's  
death when they left this city, but

the remains will probably be brought  
to this city tonight or sometime  
tomorrow.

William C. Kuster, the restaurant  
man, had been invited to accompany  
Dr. Harbottle and Messrs. Swisher to  
Canada and had expected to go with  
them but he was unable to get away  
so cancelled the engagement yester-  
day.

## SMITH WAS DRIVING. (Special to Advocate.)

Conneaut, O., Aug. 17.—Dr. John  
T. Harbottle of Newark, Ohio, died at  
11:45 this morning in Grace Hospital  
here as the result of internal injuries  
received in an auto accident at East  
Springfield hill, nine miles east of  
here at three o'clock this morning.  
Others in the party were John Swish-  
er confined to hospital with minor  
injuries and Carl Swisher his son,  
and H. K. Smith the latter two escap-  
ing injury. "The car driven by  
Smith who lives in Columbus struck  
a rut in the road and turned over  
three times bounding across the road  
twice and finally landing on its  
wheels. Carl Swisher remained in  
the back seat of the car through the  
accident. The injured men were  
rushed to Grace Hospital here at  
once. The spot where the accident  
occurred is known as one of the  
most dangerous in this section. Sev-  
eral narrow escapes have occurred  
here this summer.

## GERMANY DELAYS REPLY UNTIL NOTE HAS BEEN STUDIED

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, Aug. 17.—The Ger-  
man government's attitude on so im-  
portant a matter as the peace pro-  
posal of Pope Benedict can only be  
made known after the most careful  
deliberation, particularly as its de-  
cision can only be taken in full  
accord with Germany's allies. A  
statement to this effect has been  
communicated by the German for-  
eign office to the German press.

## THREATEN MORE STRIKES IN TEUTON SHELL PLANTS

Copenhagen, Aug. 17.—A renewal  
of strike agitation in war industries,  
evidently on the part of the extreme  
Socialists, is reported from Berlin.  
A semi-official notice says that cir-  
culars are being distributed in mun-  
itions factories, advocating a walk-  
out.

The notice appeals to the workmen  
not to be misled and not to desert  
and betray their brothers fighting in  
the west and east.

## POLISHMAN IS ARRESTED.

(ASSOCIATED PRESS TELEGRAM)  
East St. Louis, Ill., Aug. 17.—In  
the morning arrests here yesterday  
were continued with the East St. Louis  
riot. One of Thomas Benton  
was arrested. The name of the man  
should have been Thomas Boston.  
Democrat, politician and former  
candidate for sheriff. He is charged  
with assault to kill.

## CONFERENCES WILL PRECED DRAFTING REPLY TO THE POPE

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 17.—President  
Wilson and Secretary Lansing soon  
will begin a series of important con-  
ferences preliminary to the response  
to be made to Pope Benedict's peace  
message. Before the communication  
goes forward the views of the en-  
tire governments on the subject  
will be ascertained. This necessary  
will take some time owing to de-  
lays in transmitting messages by  
cable.

The pontiff's peace note, the text  
of which reached the state depart-  
ment by cable from the London for-  
eign office late yesterday, is now be-  
fore the president. He probably will  
live it close study before taking up  
the subject with Secretary Lansing  
here today.

In official and diplomatic circles  
here today Premier Lloyd George's  
speech was regarded as voiding the  
views of the allies as to any discus-  
sion of peace. His arraignment of  
food supplies and the shipping situa-  
tion as affected by the submarine  
warfare was also regarded as indica-  
tive of Great Britain's safe position  
and strong attitude.

It was thought here that one of  
the objects of the premier's speech  
was to sound out public sentiment  
preliminary to the formal response  
to be made to the pope's note. It is  
likely that public men in other allied  
countries will follow suit.

## THINE SINKS DESTROYER.

Petrograd, Aug. 17.—The Rus-  
sian torpedo boat destroyer Lieut-  
enant Borakoff has been sunk by a  
German mine in the Baltic Sea near  
the Aland Archipelago. It was fol-  
lowing a squadron of destroyers on  
one of which was Lieutenant Lebe-  
doff, minister of marine.

## AIRPLANES CRASH IN MIDAIR; CADET PILOT IS KILLED

(ASSOCIATED PRESS TELEGRAM)  
Toronto, Ont., Aug. 17.—Two air-  
planes flying at high speed crashed  
together 800 feet in the air at the  
Armour Heights aviation camp to-  
day. One of the machines burst into  
flames and plunging to earth,  
killing the aviator, Cadet S. H. J.  
Dorr. The victim's neck was broken  
and his body badly burned. The  
other aviator whose name is with-  
held by the Royal Flying Corps, was  
able to manage his machine and  
reached earth safely.

## AMERICANS ON SHIP ATTACKED BY TWO SUBS; SPEEDED AWAY

(ASSOCIATED PRESS TELEGRAM)  
Maynard, Mass., Aug. 17.—A  
steamer carrying American saw mill  
unit No. 3 in a British port recently  
was attacked in mid-ocean by two  
German submarines, according to a  
letter received last night from a  
member of the unit. Two torpedoes  
were fired at the ship and both  
missed their mark by a few feet, the  
steamer escaping by her great speed,  
the writer said.

## MODIFIES ORDER AGAINST SALOON NEAR WAR CAMP

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 17.—The war  
department has modified the order  
prohibiting a saloon or bar within  
half a mile of a military camp so as  
not to be effective where purely tem-  
porary camps are concerned.  
The modification was caused by a  
situation in Kansas City where many  
saloons and leading hotel bars in the  
city were closed because some troops  
were being mobilized in convention  
hall.

## GERMANS FAIL IN COUNTER ATTACK AT MANY POINTS

Continued Heavy Losses  
Suffered By Teutonic  
Forces Britons Claim

## FRENCH ALSO REPULSE HEAVY ATTACKING FORCE

British Aviators Drop Ex-  
plosives On German  
Strongholds

(ASSOCIATED PRESS TELEGRAM)  
New York, Aug. 17.—The Ger-  
mans made violent and repeated ef-  
forts last night to regain important  
positions recently wrested from  
them by the French and British.  
They gained some small advantages  
on the Verdun front; otherwise the  
only result of their attack was to  
add to the heavy losses which they  
have sustained in their fierce local  
offensive operations of late.

The British report three counter  
attacks against their new lines near  
Loos. At the second effort the Ger-  
mans gained slight successes at  
points, but were driven back again  
and the third assault failed to shake  
the British defense. Heavy artillery  
fighting is reported in the Ypres sec-  
tor, where the British after gaining  
high ground in yesterday's attack on  
a nine mile front were finally pressed  
back.

The attacks on the French were  
made at widely separated points. In  
Belgium the Germans attempted to  
recapture the ground taken by the  
French along the Steenbeke river,  
but met with no success. On the  
Aisne front the Germans made vigor-  
ous assaults near the Calonne  
Plateau and east of Cerny. Shattered  
by the terrific artillery fire of the  
French, German infantry formations  
were swept back with heavy losses.  
On the Verdun front heavy fighting  
was resumed with a German stroke  
on a front of two kilometers between  
Caurieres Wood and Bezaux. At  
points the attackers succeeded in  
gaining a foothold in the foremost  
French trenches, but subsequently  
they were driven out of the greater  
part of these positions.

British aviators yesterday dropped  
several tons of bombs on military es-  
tablishments in Belgium. The  
French brought down two German  
airmen in Belgium and forced two  
others to land back of the German  
lines.

Another winter campaign is re-  
garded as inevitable by Lieutenant  
General Korniloff, Russian command-  
er in chief.

In an interview at Petrograd he  
also predicted operations on a vast  
scale along the Rumanian front, and  
hinted at important developments in  
the north with the possibility of com-  
bined land and naval actions.

## REVOLUTIONISTS IN SPAIN ARE PLOTTING WITH PRISONERS

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 17.—A dispatch from  
Madrid to The Associated Press says  
that news from all Spain is that  
everything is becoming normal, in  
connection with the railroad strike.  
It was necessary to use cannon  
against the barricade made by strik-  
ers at Sabadell near Barcelona, re-  
sulting in the demolishing of four  
houses and the killing and wounding  
of several strikers. Two soldiers  
were killed and ten wounded.

All prisoners in the Madrid jail  
tried to escape. A struggle with  
soldiers occurred wherein there  
were a number killed and wounded  
on each side. It is said that revolu-  
tionists throughout Spain are plot-  
ting with prisoners for their escape,  
taking advantage of the disturbances.  
Madrid has become more animat-  
ed. Some vehicles and tramcars  
are circulating. A dispatch to the  
Havas Agency received here says the  
imprisoned strikers did not join in  
the prison mutiny. They are occu-  
pying separate quarters. The mutiny  
occurred at a moment when families  
were allowed to visit the jail.

Shrieks of terrified women in-  
creased the confusion. The prison  
guards succeeded in subduing the  
mutineers and placing them in dun-  
geons and the soldiers were not cal-  
led in. It is announced that seven  
of the leaders of the mutiny were  
killed.

A mutiny of convicts in the prison  
at Santona, caused by the quality of  
the food served to the prisoners, has  
been repressed.

## VIGILANTES GO AFTER SOAP BOX ORATORS

(ASSOCIATED PRESS TELEGRAM)  
New York, Aug. 17.—More than  
100 citizens of New York City were  
announced today, had joined the new  
ly formed vigilance committee to  
stage a vigorous campaign against  
soap box orators whose utterances  
are considered improper. This num-  
ber was expected to be increased  
during the day by at least as many  
more. The American Defense So-  
ciety announced that it would con-  
duct a vigorous campaign against all  
soap box orators.

## KAISER'S PERSONAL SPY IS ARRESTED AT KANSAS CITY

Kansas City, Mo., Aug. 17.—Dr.  
Karl Armgaard Graves, self styled  
international spy, who came into  
some prominence in 1914 after the  
publication of a volume of his experi-  
ences "as the personal spy of the  
Kaiser," was arrested by federal  
agents last night at the Union Sta-  
tion for being in a zone closed to  
enemy aliens without permits.

Dr. Graves told the authorities he  
was working for the department of  
state.

Graves, after his arrest, gave out  
statements that he was on his way  
to Denver in an effort to obtain  
papers that would prove the "illegiti-  
macy of the Hohenzollern family."

Among Graves' possessions were  
found documents relating to the es-  
tablishment of a Saxon union in this  
country.

The self-styled spy was almost  
without funds when arrested and  
poorly dressed.

## CLAIM WAS FALSE.

Washington, Aug. 17.—Dr. Karl  
Armgaard Graves' statement that he  
was working for the state depart-  
ment was the direct cause of his ar-  
rest in Kansas City. Graves, the  
federal authorities say, has been  
representing the state department  
and in view of his status the authori-  
ties thought it wise to take him into  
custody.

## SLAV ARMY STRONGER SAYS GEN. KORNILOFF

Petrograd, Aug. 17.—Lieutenant  
General Korniloff, the commander-  
in-chief, in an interview today, said  
that in consequence of the energetic  
measures taken the moral fighting  
capacity of the army had been con-  
siderably strengthened. He hoped  
for complete regeneration of the  
Russian forces.

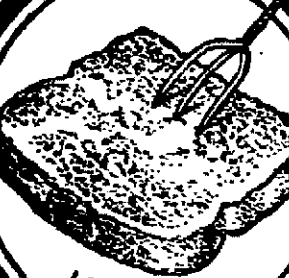

You like  
your meat

## 16 MORE EXEMPTED BY BOARD; TWELVE STILL UNDECIDED

The exemption board today passed on the following, the first number being the order in which the board ordered them to appear for examination and the second the serial number of the drafted men:

11—Henry Bonn, 783; unnaturalized German.

14—Wm. E. Berndt, 2389; discharged for 60 days account of physical examination.

17—Walter Ross, 1922; allowed account of family.

128—Vivian Albert Freeman; claim not allowed, no affidavit.

163—Albert Oberfield, 874; claim disallowed.

164—Fred Paul, 552; allowed account of father.

179—Hartley H. Schaeck, 2017; claim allowed account of family.

182—George A. McNamara, 2008; allowed account of family.

188—Henry E. Worley, 726; allowed account of family.

191—Henry C. Huseon, 933; allowed account of family.

236—Tilden Riley, 760; allowed account of family.

242—Joseph E. Davis, 793; allowed account of family.

246—James H. Mullenix, 1580; allowed account of family.

254—James Madison Roberts, 1485; allowed account of family.

257—Henry S. Stouch, 1054; claim not allowed.

262—L. Thomas Prior, 711; claim not allowed.

276—Harlan Isaac Goodin, 1430; claim allowed account of family.

277—Stanley H. Neighbarger, 2005; claim allowed account of family.

302—Henry Wallace, 571; claim allowed account of family.

344—Benjamin H. Weakley, 2518; claim allowed account of family.

345—Alphonse A. Dav, 745; claim allowed account of family.

348—George E. Hibler, 1355; claim allowed account of family.

353—William Pyle Mathews, 1221; claim not allowed, no affidavit.

368—Andrew Toth, 388; claim allowed account of family.

The findings of the board completes the examination of 370 drafted men with the exception of 12, held up for further investigation and examination. Cards have been sent out for 120 more to report next Monday, Tuesday and Wednesday.

These men were exempted on their claim of having families to support:

Otis Gibson Gerould, George B. Zwyer, Homer Shannon Parr, James Ralph Hanson, Charles C. Shoefelt, Harvey L. Meek, Clail Sutton, Nicholas De Belsio, Louis Frank Cochran, Noel Franklin Funk, John Emanuel Bell, Frank E. Mullinix, George D. Davis, O'ville O. Shury, Delbert A. Hankinson, Howard McCoy, John Wilson, Lafayette Wilson, Arthur L. Hartsough, Ray Hort, George Daugherty, Walter C. Spitzer, Parker J. Wolf, E. J. Hohenberger, James R. Wright, Elmer Owen Calroco, Leroy E. Ewing, Arthur E. Lamp, W. B. Freas, Rolla Bear, George Kink Jr., James H. Weiss, H. L. Ebbert, Walter Ross, James M. Esworthy, Bruce E. Peek, W. K. Richards, Carl Reinhardt, John Patterson, Frederick L. Hovarth, Clarence Jackson, Steve Tektet, Delbert A. Boech, Ronald Woodles, Elmer Clay Vance, D. L. Beverage, Joseph W. Church, Joseph C. Anderson, Edward Cloutflove, Harry B. Wheeler, Myrl E. Russell, Charles O. Slottbeck, Ralph B. May, Thomas M. Caldwell, Henry E. Worley, Charles W. Coanour, Henry F. Hussion, Jacob L. Adrian, W. P. Hannigan, James W. Lines, Archie C. Goodin, George M. Parker, Harry G. Weicht, Walter J. McArthur, Carl E. Gutridge, Joseph W. Hohl, E. C. Cupp, W. L. Schaller, Dana B. Linton, J. W. Braden, C. A. Bigbee, J. M. Robert, Alonzo J. Martin, Clarence S. Moore, Harlan I. Goodin, Stanley H. Nebarger, Durt Hoskinson, Walter W. Hummel, Clyde B. Claggett, Clarence P. Stael, Rav V. Cochran, William E. Ohlen, W. M. Vandenberg, S. W. Johnson, Lawrence A. Flohr, Floyd C. Good, J. H. Dodson, J. H. Weakley, Ambrose Arnold Day, Raymond C. Turner, Oscar A. Ray, James F. Owens, Andrew Toth, Harry H. Schaeck, George A. McNamara, Henry E. Worley, Henry F. Hussion, Tilden Riley, Joseph E. Davis, James H. Mullenix, James Madison Roberts, Henry Wallace, George E. Hibler.

Those who were exempted on account of having aged and dependent fathers or mothers, children or wives as follows:

David Finley, Henry Upson, Charles David Finley, George A. Young, Wilmer W. Baird, Paul E. Burkhardt, Russell A. Rine, William Henry Devore, Lawrence Green, Oscar Clifton Keller (for investigation), William A. Anderson, Fred Thomas Howell, Harold F. Dreisback, Bernard J. Harrington, William Bertram Melick, Joseph Benson Klinkler, John Joseph Dolan, Frank Guarnelli, Hartley Hill Schenck, George A. McNamara, John Earl Moran, Robert Jones, Ben E. Croighton, Earl Fletcher Woodward, Edgar T. Wilson, Tilman Riley, Joseph Ernest Davis, Harry P. Bowrah, James J. Mullenix, Henry S. Stouch, Norris E. Taylor, Leo G. Knibb, Henry Wallace, Homer B. Howard, Charles W. Grima, Charles H. Gorman, Leo Emerson Hibler, Merrell Leslie Saezter, Raymond B. Haynes, Fred Paul.

Those who were exempted on the grounds that they were aliens and not to be considered were:

Emilio Bileotti, Henry Bonn, Henry Lora, John Kalman, Guido Dilibasio, John Campura, Pete Roma, Jasper Chaudis, Michael Dilibasio, Louis Mesallias, Christ Mark Frank, Terry Sticklebrock, Dakota Sindbold.

Those exempted for religious and other reasons:

Claude Brown Moore, physician; Harry Webster Ferris, in navy; Alonius M. Spangler, priest.

Some men are so dignified that they would rather stand on ceremony than recline in the lap of luxury.

## SOLDIERS' MEDALS

Boys in Camp Karb.

Editor of the Advocate:—Yours of the 14th received and contents greatly appreciated. The Advocate medal is certainly a splendid souvenir and will be guarded with pride by all of the boys as well as myself. In response to your request for the names of the boys, will say that I am only able to give you the names of the boys who are at Camp Karb. In order to get the balance you will have to write to Co. B, 4th, at Camp Perry.

The following Newark men are at Camp Karb: Homer J. Blancy, Dyke Steinman, Bernard L. Ewald, Paul Snyder, Carl E. Kuster, George S. Piers, Fred W. Simpson, Duke Clayton, Vincent Roll, Fred W. Korzenborn, Earl Lanning, Kenneth Coulter, Philip J. Lowry, Jno. E. Sprouse, Henry E. Butler, L. E. Keynard, J. D. Koller, Alonzo Justice, John Kuster, James Grant, Hubert E. Hall, Oliver S. Parr, Earl A. Rurick, Albert R. Francis, Charles A. Shrikley, Rosetto Francisco, Walter H. Keller, Harry H. Varner, James A. Plummer, James Richter, Lowell H. Body.

After making a canvass of the different companies this is what men I find from Newark. I am unable to know whether or not I have missed any from the county. Once more thanking you and the contributors, I am gratefully yours.

J. A. Claytor,  
Co. No. 5, Sargt., 16th Regt.,  
Camp Karb, Columbus.

## MAY SEND FEDERAL TROOPS TO QUELL I. W. W. ACTIVITIES

(ASSOCIATED PRESS TELEGRAM)

Washington, Aug. 17.—Sending federal troops to Washington, Oregon, Montana and Idaho to keep war industries moving and to check disorders, is regarded by officials as a possibility in the near future should the threatened I. W. W. strike attain serious proportion and the civil authorities, state and federal, in the affected area be unable to meet the situation adequately.

The departments of justice and labor, the board of mediation and conciliation, the food administration and other government agencies were studying with some apprehension today the situation in the northwest and were prepared, it was said, to take immediate steps to meet any development.

Secretary Wilson of the labor department, returning to Washington after an absence of several days, received reports on the situation and began to determine if the services of his department could be utilized in averting the threatened strike. Conciliators of the department already are in the districts affected.

The food administration is concerned with reports that the strike will retard harvesting and damage had been done to fruit and vegetables in California, which are needed for canning.

The board of mediation and conciliation, while without direct representation in the territory affected, is prepared to act quickly in case the threatened strike should result in interruption to train service. G. W. W. Hanger of the board, is at present in San Francisco.

Officials unite in saying there will be no half measures by the government with persons attempting to hinder industries essential to prosecuting the war. Extreme measures, it was said, would be resorted to without hesitation and quickly.

In view of the nature of the demands made by the I. W. W., including the release of all members of its organization at present in prison in the four states, it was thought likely that the strike would be settled. The demand is regarded by officials here as preposterous.

BLAME I. W. W. AGITATORS.

(ASSOCIATED PRESS TELEGRAM)

Detroit, Mich., Aug. 17.—Declaring their belief that industrial workers of the world are responsible for recurring labor troubles at the plant of the Great Lakes Engineering works near River Rouge, a suburb, authorities of that village have issued notice that every member of the organization must leave immediately. Those who fail to obey the order, it was announced, will be rounded up and placed in jail.

Three strikes have been called and adjusted at the ship yards in the last 19 days.

AMERICAN BOY FOR SEPTEMBER

The Eyes of the Artillery, by F. W. Zinn, the young American engineering graduate who was commended recently for signal bravery in aviation work in France, is one of the distinctive features of the September American Boy. Mr. Zinn explains in fascinating detail how the airman do their very dangerous and highly important work in the war, observing the enemy's forces, directing the fire of concealed batteries and duelling with enemy planes far up in the air.

Other notable features of this magazine are "Football," by Walter Camp, famous trainer, which gives instructions that will be of intense interest and real benefit to players; "Being a Minister," by Dr. Washington Gladden, and letters from many famous men on the war duty of boys.

Of stories there are many—a baseball story by William Heyliger, a story about a boy and the making of movies, a West Point story, another story in Mr. Hendry's popular series about Connie Moran of the Northwest Mounted Police, and a continuation of the laughable editorial adventures of Mark Tidd, the best known boy in boys' fiction. The many departments are crowded with material that is both interesting and helpful to boys.

A Bright Future.

"I want to be honest, sir. I can't support your daughter, but I am afraid to tell her so because she has set her heart on marrying me." "Never mind. Do your best. I can't support her, either."—Life.

## DON'T CRITICISE IS LECTURER'S ADVICE TO CO. TEACHERS

The closing day of the Teachers' Institute was marked by a good-sized audience, good music, and excellent addresses. The morning's program was opened by Rev. Mr. Corson. Following the exercises Miss Martha Turner read a letter to the soldiers who have already left the institute.

Dr. Corson addressed the audience upon one of the chain of co-operation talks, that of teachers with one another.

Mr. Corson declared himself not in favor of a teachers' union on the basis that it would detract too much, but he believed it would be of some use if established for the purpose of better service.

He stated that criticism of other teachers on account of promotions and other favors should be omitted and instead of this, teachers should co-operate in order to know what pupils have learned in preceding grades.

Dr. Corson was tendered a unanimous vote of thanks in appreciation of his excellent advice, as he departed for northern Michigan in hopes of restoring his health.

Announcements were made concerning the fair exhibit and subscriptions to educational journals by County Superintendent Wilson.

Miss Charlotte Simpson sang a solo.

Mrs. Edmunds reported herself as ill at her hotel and unable to attend the morning session, so Mr. Clifton delivered an address on "Dickens: The Educator," in which he urged the necessity of reading Dickens as his works are educative. "Dickens' works are too little read," he stated. He concluded his speech with the hope that every teacher would acquaint himself with Dickens' works.

Mr. Koontz, president of the Licking county board of education, concluded the morning session with a short talk.

The report of the committee on the resolutions made by C. P. Smith was heard in the afternoon. Following the report of the committee Mrs. Edmunds, who was able to attend the afternoon session, delivered a talk on "Stories, and How to Tell Them." The institute was closed by Mr. Clifton's excellent talk, "Super-Vision Study."

During the last session of the Teachers' Institute held this afternoon, the institute proceeded to elect officers to serve next year. G. W. Brown of Pataskala was chosen president; Miss Lina Van Dorn was elected as secretary; E. T. Osborne of Hebron and A. C. Keckley of Vanatta were elected members of the executive committee.

Resolutions adopted heartily endorsed C. E. Oliver of the state legislature in his appeal for a higher degree of patriotism and the action of those school teachers who have enlisted in the army and navy.

At a meeting of the School Masters club held at the High school building this morning, Reed S. Johnson of Brownsville was elected president of the organization. The office of secretary and treasurer fell to E. C. Darnell of Alexandria.

TWO KILLED WHEN  
BOLT STRIKES LOAD  
OF HAY YESTERDAY

Delaware, Aug. 17.—Two men were killed and two others were injured when lightning struck a load of hay under which they had taken refuge during an electric storm on the Emerson farm, six miles east of here, late yesterday. A negro, who was under the wagon when the lightning struck, escaped injury.

William Kline, 24, and Walter Evans, 19, were killed and Smith Clark, 40, and John Kline, 50, were injured.

The men were engaged in making hay and had driven the wagon alongside a hay stack when the storm broke. The load on the wagon and the stack were consumed by fire started by the lightning.

The negro, known to his fellow workmen as Sam, rescued the bodies of the dead and injured from the fire. Homes of all the men except the negro are located near Kibbourne. The injured are suffering from shock.

A Fine Deal.

I had a fine deal today. That so, my dear? What was it? You know Jiggs and Jogg's store, where I always paid cash for everything I bought?

Yes.

Well, they let me open a charge account, and now I shall have money to spend on myself.—Detroit Free Press.

Abe Martin.

## Official Statements of War Department

BRITISH.

(ASSOCIATED PRESS TELEGRAM)  
London, Aug. 17.—The Germans made two counter attacks last night against the new British positions near Loos. They gained temporary success at some points, the war office announces, but subsequently the British line was re-established.

FRENCH.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 17.—The Germans last night attacked the new positions gained by the French on the Steenbeke river in Belgium. The war office announces that they were repulsed completely. Vigorous German assaults on the Aisne front also were beaten back.

GERMAN.

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Aug. 17.—Attacks made yesterday by Russian and Rumanian forces north of Pskhani and on the lower Sereth river on the Rumanian front broke down under the Teuton fire, according to the official statement issued today by the German war department.

German advance posts along the Yser Canal, near Dreigraften in Belgium, were overrun yesterday by troops of the entente allies, says the German official statement issued today. The enemy also captured ground south and east of Bixchoote.

At St. Julien and at many points further south to Warneeton, the statement adds, entente allied forces penetrated the new German battle zone.

"By evening Langemarck and our lost positions," the German general staff reports, "was again in our hands."

In all the sectors the English assault collapsed before the Teuton entanglements. The German statement says:

"In spite of heavy sacrifices the English have accomplished nothing. By this repulse we gained a full victory. Unshaken and with high spirits our front stands ready for new battles."

ILLINOIS COAL MEN  
WON'T CO-OPERATE  
FOR FAIR PRICES

(ASSOCIATED PRESS TELEGRAM)

Chicago, Aug. 17.—After a declaration by a representative of the Illinois coal operators that they had concluded not to co-operate, Justice Orin N. Carter, state coal controller, today began hearings with a view to fixing reasonable prices.

Operators reviewed the situation, including steps taken for federal control and the Illinois strike situation and concluded with the statement that in view of these facts the operators had concluded not to co-operate.

Levy Mayer, chairman of the law and legislation committee of the Illinois state council of defense, asserted that the operators had repudiated their agreement.

Justice Carter said:

"I shall not comment on the action of the operators. We will proceed with the hearing and in the end I will fix prices."

Among friends of Governor Lowden it was said the governor is determined to seize the mines if the operators remain obdurate. Committees were present at the hearing representing the railroads, the miners, the retail coal merchants and the state council of defense.

PROTEST WAR TAX  
ON NECESSITIES  
AND POST PACKAGES

(ASSOCIATED PRESS TELEGRAM)

Washington, Aug. 17.—Disposal before night of nearly all the provisions of the war tax bill over which there is no dispute was the Senate's program for today and accomplishment of the task seemed assured.

The Senate tentatively has agreed to the liquor section with its prohibition features, in addition to many other important provisions.

Present plans call for consideration tomorrow of the income and war profits taxes, the chief points in dispute. Should these provisions be disposed of then efforts probably will be made for an agreement on a date for a final vote on the bill.

A protest against the committee's provision for a stamp tax on parcel post packages was filed today by the postoffice department, which contended that the tax of one cent for each 25 cents paid would injure the parcel post and discriminate against the farmer.

Senator Curtis of Kansas, advocated raising necessary revenue principally from incomes, war profits and luxuries, opposing the proposed taxes on sugar, tea, coffee and cocoa and urging a substantial federal inheritance tax on large estates.

Protests against levying a tax of \$1.10 a gallon on brandy used in fortifying wines was made by Senator Phelan, of California. He urged retention of the House rate of 10 cents a gallon, declaring that otherwise the sweet wine industry in California would be destroyed.

WOMAN, 93, DIES AT  
BAKER HOME, HERE

Miss Sally Stone, aged 93, died at the home of her niece, Mrs. Henry A. Baker, 614 Evans street, about 8 o'clock Friday morning. Her death was caused by old age. Miss Stone was a resident of Croton. She leaves to mourn her death one sister, Mrs. Elizabeth Coffield of Croton, and a brother, George Stone, also of Croton. Funeral services will be held at her home in Croton, Sunday afternoon at 2 o'clock.

Just because the Bible says all flesh is grass is no reason why you should be a hayseed.

Hanover		Washington

Canning, this year, is going to be expensive—jars and containers are hard to get and high in price. Sugar—you know the price.

Here's the biggest opportunity yet to successfully combat the high cost of living!

**Drying Fruit and Vegetables**

With the

**ELECTRIC FAN**

The Government has discovered, tested out and now announces (with \$11) that the Electric Fan Method has marked advantages.

It especially refers to this cool method (absence of artificial heat) as retaining color and eliminating spoilage. A higher percentage of wholesomeness, food value and flavor retained.

Almost any fruit and vegetable can be stored and kept perfectly and indefinitely, yet be instantly available when such products are long off the market.

This is most interesting to every housewife. Come in and let us explain fully. You are going to equip your home for the many comforts and conveniences of Electricity soon. Why not do it now while the cost of wiring is low?

## The Ohio Light & Power Company

### 190,000 VOLUNTEERS FOR REGULAR ARMY; ARE STILL RECRUITING

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 17.—War volunteers for the regular army have reached a total of 190,347 men, bringing the roll to seven thousand in excess of the authorized war strength.

Since the total quota for the expanded army was filled several days ago, recruits have continued to enlist at an average of more than 1,000 men a day. They will be needed and the recruiting service will not relax its efforts.

There still are 25 states that have not supplied the number of men allotted to them in the distribution of the total quota, but some of the other states have furnished their quota several times over.

### Y. W. C. A. WANTS CANNED FRUIT AND VEGETABLES

While the soldier boys are away serving their country much of their work in factory and office must be done by young women.

The Y. W. C. A. is planning to take the best of care of these girls, who will feel the added burden, and is asking the help of housewives in the matter of canned fruit or vegetables. While they are putting these good things up they are asked to make an extra jar or two for the "Y's" big family of girls.

Board has not been raised in proportion to food, and fruit and sugar have been too high to admit of much canning being done at the "Y's" so if three or four hundred women will donate an extra can of vegetables or preserves, the problem will be solved. Dried corn, beans or fruit would be equally acceptable.

### DOUBTS HUSBAND; WOMAN WIPES OUT THE ENTIRE FAMILY

(ASSOCIATED PRESS TELEGRAM) Chillicothe, O., Aug. 17.—Because a woman named Dora from El Paso, Tex., had sent a telegram to her husband, notifying him that she was coming here to claim him as her husband, Mrs. James Nelson late last night shot and killed her husband, shot her eight-year-old son and then killed herself. The boy died this morning.

The husband died instantly and his wife lived but a few moments after the shooting. The woman left a note explaining why she had done the shooting. The Nelson family came here recently from Fort Wayne, Ind. The father and husband was employed on construction work at the new conscript cantonment camp here.

### BREVEITY IS SOUL OF WIT.

(ASSOCIATED PRESS TELEGRAM) Helsinki, Aug. 17.—The general strike has ended.

### WAR BOARD AIDS PROMPT MOVEMENT OF PRODUCTS

To facilitate the prompt movement of grain and food products, as well as lumber and munitions, the war service commission of the railroads' war board has ordered the immediate distribution of 20,790 additional empty cars among the lines operating in the south, the middle west, and the southwest.

This will make a total of 106,088 empty cars that have been ordered removed from one railroad to another, regardless of ownership, during the past two months, in order to mobilize in different sections of the country a sufficient number of cars to handle the abnormal government and commercial traffic that war conditions have produced.

Of the latest cars ordered by the war board to be distributed where they will be most needed, 7,800 are to be placed in the grain-producing country.

To protect the movement of supplies for the munitions factories, hundreds of cars have been ordered to the Kansas City Southern, the Southern Pacific and the Gulf Coast Line.

### M'FARLAND IS SENT TO MANSFIELD FOR SETTING BARN AFIRE

Willard McFarland, 17, who confessed yesterday to the firing of the Hilliard barn in Church street, was taken to the Mansfield reformatory today by Probation Officer John Dwyer. The young man has acquired the whiskey habit and Officer Dwyer will ask the reformatory officials to endeavor to break him of his craving for liquor, which his parents claim has been responsible for his troubles. McFarland will serve an indeterminate sentence.

### COUNTY MARKETING SYSTEM.

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 17.—Establishment of a national county co-operative marketing corporation, the purpose of which would be the founding of an interstate marketing system for farm products under government supervision to prevent hoarding and speculation, is proposed in a bill introduced today by Senator Owen.

### JAP GOES TO STOCKHOLM.

(ASSOCIATED PRESS TELEGRAM) Tokyo, Aug. 17.—It is reported that a small body of Japanese Socialists at Tokyo has voted to send Sen Katayama, a Japanese Socialist leader, who is now in New York, as a delegate to the Stockholm Socialist conference. It is believed that the government is opposed to the participation of Japanese in the conference.

MT. HERMON U. B. CHURCH.  
M. R. White, pastor. Sunday school at 9:30; preaching at 2:30 by pastor; Christian Endeavor at 7:30 o'clock. Preaching and business meeting Thursday night.

### CHEWING GUM ON SHOES WAS STOLEN TWO PLEAD GUILTY

Fred Johnson, married, and John Jones, single, both colored and employed as truckmen in the B. & O. freight depot, were arrested this morning on the affidavit of Detective F. R. Castor of the secret service department of the road; charged with stealing 26 cakes of soap and two cartons of chewing gum. The men were arraigned before Justice D. M. Jones and pleaded guilty and were fined \$5 and the costs each. The soles of their shoes were covered with gum and they tracked up Justice Jones office, leaving a sticky pathway across the hall and down the stairs. Johnson sent to his home, secured the money and paid the fines for both.

### HAZLETT ON PACIFIC ENROUTE TO ORIENT

In a telegram to his parents this morning Calvin H. Hazlett stated that the ship, The Empress of Japan, on which he started on his journey to India had reached Victoria where to stop of two hours was made. There were about fifty missionaries on board the same vessel. The next port will be Yokohama, Japan.

### GERMAN EDITORS DIVIDED ON PEACE PROPOSAL BY POPE

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Aug. 16.—The Kreuz Zeitung, of Berlin, a copy of which has been received here, says sympathy with the pope's wish for peace must disappear when it is seen that he has united himself with such conditions as restorations and no indemnities.

The Berlin Tagliche Rundschau says that the nature of the peace outlined by the pope must compel the central powers to refuse the offices of the pontiff. This newspaper says it fears the affair will have an unhappy influence not only in Austria but among Catholics in Germany.

The Koelnische Zeitung reserves judgment on the proposal until the full text of the pope's note is obtained. Nevertheless, it considers the proposal to enter into negotiations on the basis of the pontiff's program should not be rejected.

This newspaper asserts that it is not aware of the German government's attitude, but that it believes logic prescribes that the government, in conformity with its previous attitude, should follow the path indicated by the pontiff.

"The German people and government have the will and courage for peace," says the Koelnische Zeitung. "The entente people also earnestly desire peace, but the enemy governments are dominated by the fear of peace, as is provided by their refusal to grant passports to their nationals to attend the Stockholm conference. The pope's proposal will thus be another test which side cherishes a sincere desire for peace."

The Cologne Volks Zeitung also awaits the text of the proposal, but expresses the hope that, notwithstanding all obstacles, the road to the reconciliation of the nations may be paved by the pope's appeal.

# 51 Automobiles Now Cost More

## Former \$1200 to \$1400 Cars Advanced to Super-Six Prices—Hudson Cost, too, Must Soon Go Up

Material costs have increased so much and so fast lately that all automobile prices must be advanced. So far the Super-Six remains at the price it has sold at all this year. That is because present cars are built of materials contracted for last year before the biggest increases became effective. Since January some car prices have been advanced twice. Increases run from \$200 to \$300 on cheaper cars than the Hudson, and from \$350 to \$700 on cars which sold above the Super-Six price. Until Hudson prices must be advanced a Super-Six can be bought for about the same price as cars which recently sold at \$1200 to \$1400.

### Hudson Choice When Others Cost Less

Even when such cars sold at \$200 to \$300 less than the Super-Six its sales were greater than those of any two makes of their class. Everyone who knows will choose a Hudson as against such cars now that there is so little difference in their cost. No material change has been made in design or construction. They are practically the same as when sold for much less than present prices.

Hudson leadership is understood by all motorists. All know the effectiveness of the Super-Six motor. No other car has or can have a motor like it. That is why no other car has ever equaled its record for endurance.

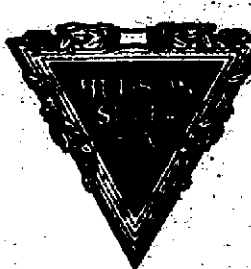

Almost 40,000 owners now drive Super-Sixes. They have made records that to many are quite as impressive as those made on the speedway and in contests which have been extensively advertised.

The Super-Six is a lifetime car. Its great endurance is due to the smoothness of the Super-Six motor. It minimizes vibration. Vibration is the most destructive force in a motor. All Hudson tests show how by minimizing vibration endurance is obtained.

The Super-Six is the most powerful automobile motor of its size known. By minimizing vibration most of the power is delivered and is not as with other types, consumed within the motor.

### More Proof For Hudson

If you have followed Super-Six history you have been interested in each succeeding test and know it has called for greater and greater endurance. At first we did not know the limits of Hudson endurance. Then we felt we could rest content if the car would hold up in the one hour and the 100-mile trial. That was greater than any other car had done. But, the Super-Six showed no wear at the end of those runs. We wanted to know just what its true limits were, so new tests were made. Each succeeding trial was made harder in an effort to reveal the real limits of Super-Six endurance. No such test has yet been found.

## OHIO TROOPS' LEADER.

Major General Charles G. Treat has just been appointed to command the Ohio National Guard division at Camp Sheridan, Montgomery, Ala. General Treat is now on his way from Honolulu to take charge of the Ohio troops in the south. For four years he was commandant at West Point which in itself is evidence of his qualification. He is a man of strong, impressive personality and splendid appearance and will inspire confidence in the men. Lieut. Colonel D. T. Merrill is to be chief of staff, Brigadier General W. V. McMaken, J. C. Speaks, W. R. Smith and C. X. Zimmerman, all of whom are well known in Newark, are to be members of the staff.

The Ohio division is officially designated as the Thirty-seventh National Guard division.

There will be some disappointment over the failure of Adjutant General George H. Wood to secure the appointment but the fitness of General Treat is unquestioned. Announcement is also made that Major General Edwin F. Glenn will command the Ohio-West Virginia division of the new national army at Camp Sherman, near Chillicothe. This is the camp where the conscription army will be trained. General Glenn is now in command of the officers' training camp at Fort Benj. Harrison. The Newark men who have had three months training under him at Indianapolis all speak highly of his ability as an officer. Gen. Glenn was graduated from West Point in 1877 and at one time was commandant at the Columbus barracks.

So the ex-czar of Russia goes to Siberia where one of his chief occupations will be to try to keep from freezing to death. Siberia will be remembered as the cool spot to which Mr. Nicholas sent so many thousands of Russians whose manner was displeasing to him. Where will the Kaiser go?

The women of Ohio now have the right to vote at presidential elections and the women of Columbus have just been granted the privilege of voting at municipal elections. Suffrage is marching on.

After studying the long columns of hints the newspapers print on taking care of an automobile, it seems clear that the best way to make the car run is to send for the garage man.

There are ten states that have as yet neglected to choose their state flower, but the governors have so far carelessly failed to call the legislatures in extra sessions to attend to it.

It strikes some of the food producers as a revolutionary and incendiary proceeding, that people will persist in raising their own gardens.

Twenty-five per cent of Newark's men voted at the primary election last Tuesday. The other 75 per cent are now criticizing the result.

Here's another tall conservation suggestion in which all birds are grooved and all apples are low loss rice; or, better still, none at all.

If there is anybody who is criticizing the summer weather we are now having it is the man with a grouch.

So far as heard from the boys are not worrying on any account of the reported shortage of shoe blacking.

The slogan of everyone who has anything to sell just now is "Save the country by buying my goods."

## Daily History Class—Aug. 17.

1783—Jonathan Trumbull, American patriot and close friend of Washington, died; born 1710.

1786—Frederick the Great, Prussian king, died; born 1712.

1890—Mary Abigail Dodge (Gail Hamilton), American author, died; born about 1820.

1914—Beginning of five days' battle at Sarburg-Luxemburg, Lorraine. Germans repulsed French with heavy loss. Beginning of five days' battle on the Jadar river, Serbia, ending in rout of Austrian invaders.

1915—Germans captured outer forts at Kornow with 240 guns and 4,500 prisoners.

1916—Russia admitted failure in the drive on the Zlota-Lipa line, when culminated at Mariampol on July 13th.

## ASTRONOMICAL EVENTS.

Conjunction of Venus seen setting at the southwest early in the evening. On the meridian of Washington: 15 minutes 50 seconds after 12 o'clock.

## IT MAY MEAN MUCH.

(Cleveland Plain Dealer.)

The United States stands pat on its war aims, and these aims are substantially the same as those of Great Britain and France. This is the official pronouncement of the state department, and although that department wisely refrains from entering into detailed discussion of these aims, none can question America's determination to stand fast by her allies in the fight of democracy against Prussian autocracy.

The United States government has not yet received officially the peace message of Pope Benedict, and reply to it must wait the president's study of that remarkable document. That this reply will be altogether favorable can hardly be expected. The head of the Catholic church has urged upon the nations a settlement which shall include no annexations and no indemnities, restoration of all conquered territories and the peaceful settlement of the vexed problems which Poland, Italy, Ireland and the Balkans ever present.

Already France, Great Britain and Italy have made plain that such a settlement is impossible. They cannot return to the status ante bellum. They dare not trust to a peace conference the adjustment of international boundaries until Prussianism has been so crushed and the German people so convinced of their error that a permanent peace is possible. They cannot consent that outraged Belgium shall go unremunerated for her sufferings, that Serbia shall be left prelate at the feet of the German giant which has trampled as it pleased upon the bones of the Balkan states.

But the allies will give careful heed to the pope's plea. They honor the source, they respect the disinterestedness of the author for he is the greatest neutral figure in the world. They realize that few other men could speak with more authority, could demand a more respectful hearing. They know the suggestions of the vatican carry weight with the pope. They wonder, too, if Pope Benedict's pronouncement may not influence the central powers, the irreconcilable vipers of German Socialists, the hints at settlement offered by German Clericals have not carried conviction. They lacked authority. They might mean much or nothing. It is different when the pope speaks. The entente allies believe that Pope Benedict knows the maximum and the minimum peace terms of the central powers. They know that he is as well informed as any man may be in regard to conditions in the besieged empires.

They wonder if Germany would not welcome the vatican's aid, if the German government would not be glad to surrender gracefully without incurring further disaster abroad, or rising possible revolution at home. The pope's plea for peace is not one to be disregarded. He has taken the first step on a road the nations long to walk. The central powers might be glad, now, to go along with him. The allies, although their determination to make sure of democracy's victory has not weakened, will welcome his proposal. None can expect that it will bear immediate fruit. It may, however, help to clear the air.

## REVOLUTION'S FRUITS.

(Cleveland Leader.)

What revolution will do for a country, Cuba and Mexico are now finding out—at least those of their people who give thought to anything but the mere gratification of their animal wants should be able to see it. Cuba's last revolution did not amount to much in this country and was not attended down. But it lasted long enough and did enough damage to lessen the forthcoming sugar crop of the island by one-half. Considering the price sugar has attained on account of the war and the prospect that it will go even higher, this means a loss to Cuba and its people amounting to millions.

And Mexico, though a neutral country free to trade with all nations, belligerents or otherwise, is unable to realize on the tremendous demand for the metals of which it has such an abundance. Because of its general industrial paralysis and its inability to place its mines in operation it is losing a golden harvest. Cuba's loss is a golden harvest, Mexico's is a golden harvest.

Yet here in the United States there are individuals and organizations that are trying to do for this country what the professional revolutionists have done for Mexico.

## SUBMARINE ATTACKS.

(New York Herald.)

Thousands of suggestions for overcoming the submarine menace have been made to officials of the Government in accordance with its request, but as these have, in the main, proved to be hopelessly impracticable, the Naval Consulting Board has just issued a pamphlet intended as a guide to the public, as an aid to those studying "The Submarine and the Future of the World." These hints deserve serious attention, as much unfruitful personal effort may be saved, some unjustified complaints be spared, and, best of all, some successful designs evolved.

Broadly described, the lines of suggestion are in the direction stated below, and it is not revealing anything that should be kept secret in saying that some of the ideas look promising.

First—The means required to discover and locate in time for prompt action the approach of a hostile submarine. The Board finds that aircraft are admirable detectors, though their use in numbers far at sea is restricted by the existing want of "mother" ships. Sound detectors also furnish a promising field of inquiry.

Second—Nets, guards and screens owing to their weight, cumbersome in heavy seas, interfere with speed and maneuvering power and

possibility of fouling the crews, these are held to be impracticable. This seems to be the main road (the suggestions take, but out of the great number of designs submitted not one has received, so far, the approval of seagoing men, mercantile or naval.

The remaining proposals are based on methods to insure protection by decreasing the visibility of the attacked vessel, either by smokeless combustion or, on near approach of the submarine by a smoke screen; finally, as a method of escape, to blind the eye of the periscope by means of heavy black petroleum or other oil floating on the surface of the water. The pamphlet calls attention to one fallacious expectation and warns prospective inventors that electro-magnetic and electric devices to offset a submarine sent in to the Board generally appear to be based "on misconceptions of those natural forces."

These hints are timely and considerate and are intended not to discourage suggestions but to warn the public of the conclusions reached by the Board after its patient study and experience.

## RETRIBUTION.

(Pittsburgh Gazette-Times.)

Whether you are pleased to call it poetic justice or righteous retribution, the punishment of the former czar of all the Russias and his family to darkest Siberia is one of the most striking incidents of the war. He and his predecessors sent thousands upon thousands of men, women and children on that dreadful journey, so aptly described by Tolstoy as "a horrible, a horrible, a horrible journey."

On the most barren, wind-swept steppes of his dominions. In the majority of instances the alleged offense of the victims was political, and in many cases no offense whatever was committed, the arrest and deportation being the result of bureaucratic zeal to curry favor with the imperial cabal. What must be the reflections of the fallen potentate? It may be, however, that this dramatic act of the part of the new government will tend to solidify the heterogeneous mass of revolutionists, who having seized the torch of political liberty are in danger of perverting it so deeds of unbridled license or again plunging themselves into darkness. One cannot help wondering whether the All Highest in Berlin does not reflect upon the fate of a fellow-subject with some misgivings. And one can scarcely repress the hope that the kaiser and his heir might be given opportunity under conditions similar to those surrounding the ex-czar for reviewing Prussian crimes of the past three years. Then, indeed, would the world be ready for negotiations for permanent peace.

## Spirit of the Press

No Interference by States. Attempts of any state to impose any lawful or unlawful restrictions or regulations on industries whose proper operation is essential to the national welfare, will be condemned by patriotic people. It is no time for jealous bickerings about their invasion. The main business is to win this war and it can be done only by co-operation of all Americans.—St. Louis Globe Democrat.

## Prospects in Russia.

Elthru Root, who has just returned from Russia as a member of the American Commission, declares that the conditions in the new republic are exaggerated. Those who know Russia best are in accord with Mr. Root. They agree that the great mass of the Russian people is law-abiding, industrious and peaceful. And they know that in the end this element will restore order and bring about a stable condition. But the fact remains that the other element has disrupted the Russian military machine to a dangerous extent.—Cincinnati Times-Star.

## Lamb and the Railroads.

L. S. N. McClure, secretary of the National Wool Growers' Association, is correctly reported in Chicago dispatches, and if he really is able to speak for Western sheepmen in declaring that they will quit growing sheep unless railroads restore spring lamb to the menu cards of their dining cars, his case should be called not only to public but to official attention. For if sheep-growing is to be curtailed to spite the railroads the whole people will suffer by the shortening of the supply by just so much as sheep-growing is lessened. And the people have burdens in plenty already without having such gifts as this proposed by Mr. McClure handed to them.—Detroit Free Press.

## Ships and Seamen Rise.

Certainly the day of resurrection has come, for ships, hulks long since sunk, all but forgotten, rise in their very bones, take on renewal bodies and with the rhythmic heartbeat of new engines feel the blood coursing in their veins once more. With the resurrected ships cannot come the old-time sailors in the tight-fish to man them. Even the men of war cannot do that. But sons and grandsons of their blood, perhaps, certainly of their spirit, are rising to take their places. Schools of seamanship are filled with eager students, and sailors a plenty are ready to go down to the sea in ships and to do business in great waters in defiance of the menace of the submarine. If the war, with all its meager and heartache, can give us once more a mighty merchant marine and revive the proud tradition of an American commerce, it is a great thing for the country.—Boston Transcript.

Bright colors and the delicate perfume of flowers add a charm to the home. Chas. A. Duerr, The Arcade Florist. 17-4-11

Before you start on your vacation on Eastman Kodak and Kodak Bros. and bring back pictures to show the folks at home. 17-4-11

Half the fun in taking pictures is in the developing. We have all the needed supplies, Smith's Drug Store. 17-4-11

## SQUARE DEAL IN THE DRAFT

(Philadelphia Record.)

The draft boards throughout the country are about to pass upon the claims for exemption from military service filed by large numbers of young men whose physical fitness has been ascertained by medical examination. The principles which will determine the action of the boards are the subject of official instruction which should insure some degree of uniformity of action. But as in Philadelphia alone there are some 50-odd draft boards, and in the country many thousands, the personality of their members will to some extent affect the interpretation of the rules. There is already an impression that some boards will be less strict than others in the denial of exemption, and that the status of a married man, for instance, will be different in one district from the status of a man similarly situated who happens to reside in another district.

There is no ground for any such opinion. The work of the draft boards is of a preliminary character. Cases of exemption improperly denied will be eventually taken up by centralized boards of review to which appeals will be taken by the interested men. Cases of exemption improperly allowed will be carried to the same boards of review by the Government. One rule for all now prevails throughout the country. One interpretation of the rule will eventually prevail, though many may at this time exist. There is in the final scheme of the draft no chance for error and no opportunity for favoritism.

No man's chances for service or of exemption from service depend in any degree upon the section of the city or the country in which he happens to live or upon the personal opinion of the members of the draft regulations entertained by the members of his local draft board. Every man's final status will ultimately be exactly the same as the final status of every other man similarly situated with regard to his obligations to dependents or the industrial demands upon his services. If any principles are still in dispute, their final definition and application will be uniform everywhere. The underlying idea of the draft is to give every eligible a square deal, and when the new National Army shall be mustered in it will be organized on that basis.

## ONE MAN IN FIVE.

(New York Sun.)

The reorganization of the present military forces of the United States on September 1 will give Uncle Sam an army of 1,107,000 men.

Add to this one man in five from the men registered on June 5, 1917. We say one man in five because out of 31,796 men so far examined in New York City 22 per cent have not merely passed the physical examination but have indicated no claim for exemption of discharge.

No doubt the selection throughout the country will finally enroll at least one man in four in the national army. But let us stick to the ratio of one man in five.

There are 3,500,000 registered men, and one man in five will supply ultimately 1,900,000 soldiers.

These added to the 1,107,000 men in the United States army on September 1, 1917, will give us a total of 3,007,000 American soldiers.

The British forces in France total something over 2,200,000 men.

One man in five is not necessarily a discouraging ratio, except, possibly, to Germany.

## Pointed Paragraphs

The young lady across the way says she's awfully proud of her father's ability and while he's modest about it you can tell from listening to him talk that he knows how to conduct a war better than the President does.—Ohio State Journal.

What Russia needs most is a Maximalist silencer.—New-York Evening Post.

Seeing that it shelters such specimens as Senators Reed, Stone, La Follette, Vandamm and a few others of that ilk, can there be any question that there is a stable government?—Macon Telegraph.

While the President doesn't say so right out, it looks as though he thinks that if Congress wants to talk peace it ought to go and hire a hall.—Kansas City Times.

The corn crop of the United States is to be the largest ever. None of those big guns in Europe is as big as that.—Louisville Courier-Journal.

With the re-embodiment of the Irish convention a more sanguinary feeling has developed, which, of course, is a whole lot better than a more sanguinary feeling.—Indianapolis News.

Some of our Congressmen evidently believe that Germany can be smitten with the jawbone of an ass.—Life.

Root's optimism about Russia needs with some smiles. Why? The optimists have been right in history as often as the pessimists.—Milwaukee Journal.

It is to be hoped that Mr. Hearst will run for Mayor of New York. It's always a pleasure to see him get it where the chicken got the ax.—Charleston News and Courier.

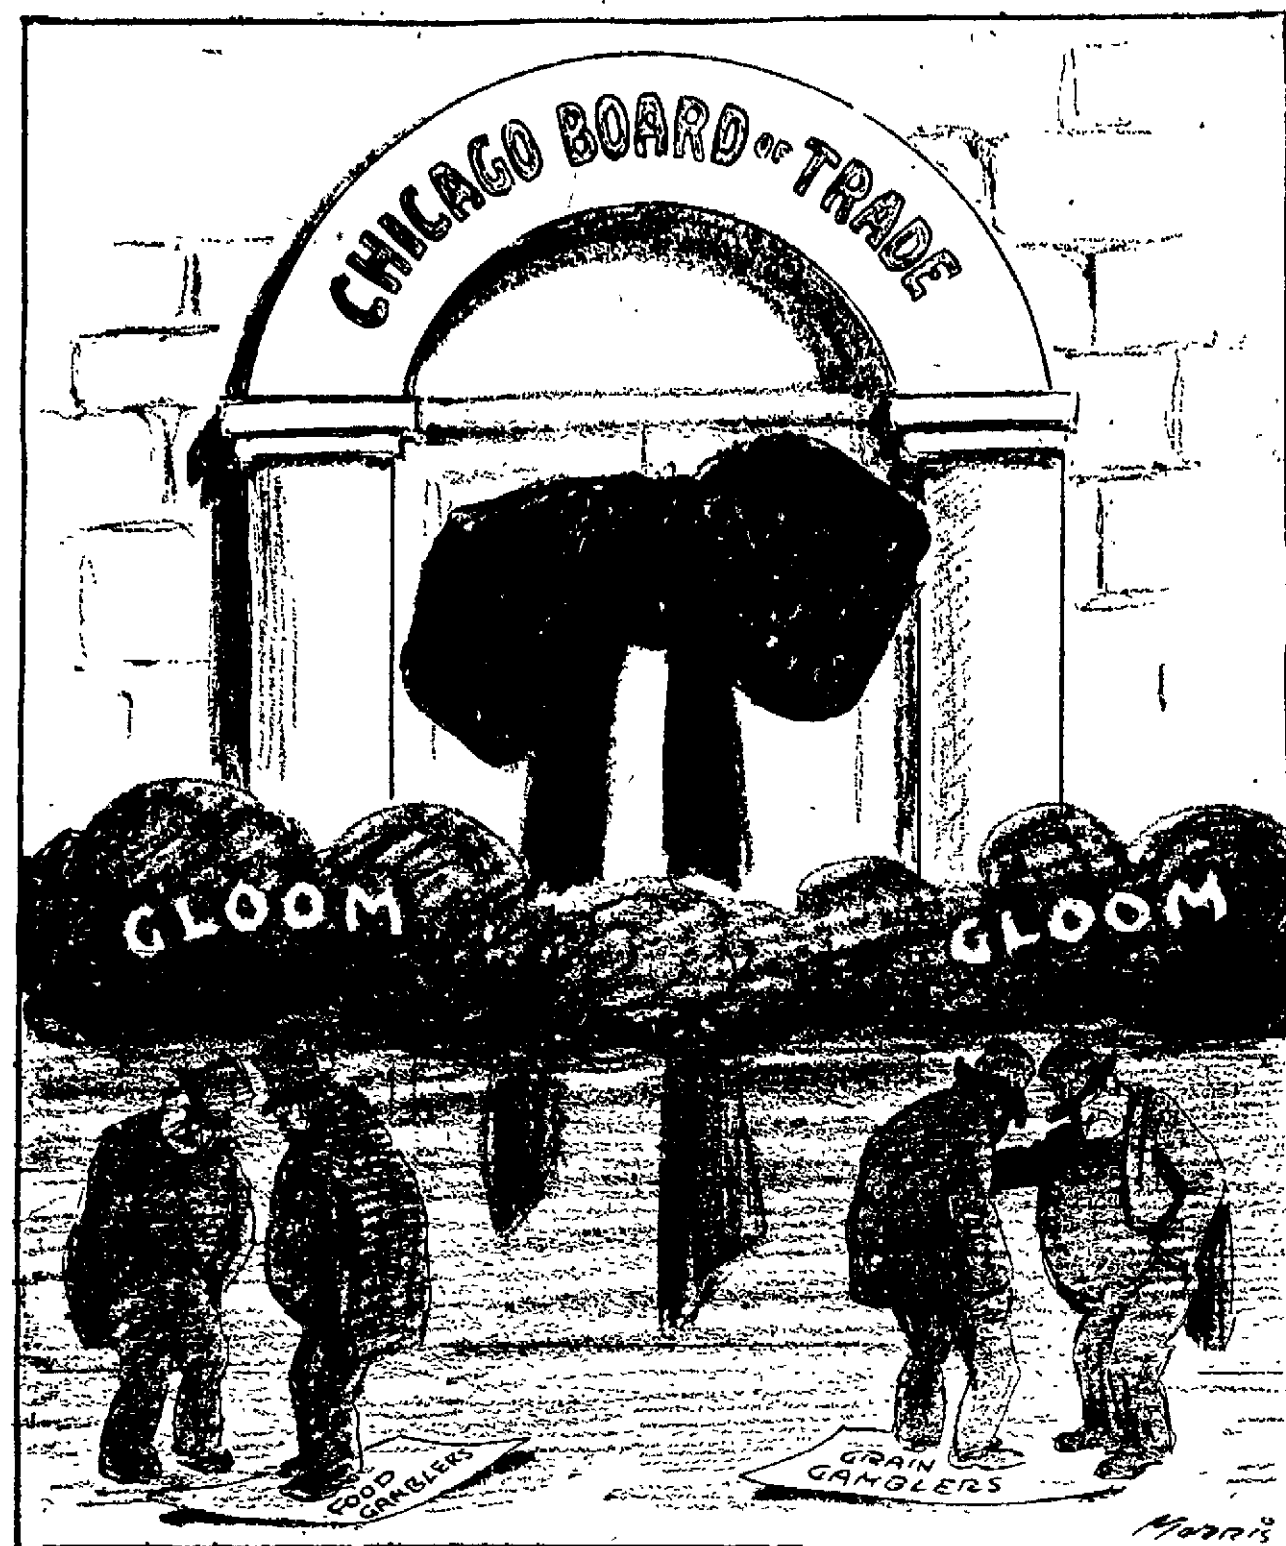

The celebrated Colonel rises to remark that we have been guilty of "unpardonable folly" in failing to prepare for three years. Then why didn't he begin by showing the way?—Florida Times-Union.

An Atchison woman explains that she and her husband concluded not to buy the house they were considering last spring, because they have bought a car and don't need a home now.—Atchison Globe.

What has become of the old-fashioned, adventurous who could block traffic on a wet street by lifting her skirts to her ankles?—Galveston News.

Germany is beginning to exhaust her cabinet reserves.—Cleveland Plain Dealer.

## HOOVER—THAT'S ALL

## 25 Years Ago

(From Advocate, Aug. 17, 1892.)

The first marriage license in the new marriage register of Probate Judge Brister to be recorded is that of Harry F. Wendell and Miss Laura Galagoly.

Dr. Tilton of McKean township has the thanks of the Advocate for a fine basket of peaches.

"Would that history might repeat itself," for the reportorial staff of today are as much lovers of the tempting fruit as in the days of yore.

The many friends in Graville and this city will be interested to learn of the marriage of Miss Nora Hall and Rev. E. C. Myers, Aug. 10. David Platto, father of George Platto of Western avenue, while fishing in Raccoon creek last evening, caught a fine eel, measuring two feet, eight inches in length.

New fall trimmings at M. Q. Baker & Co's.

Mus Brothers, cigar manufacturers of Quaker City, O., have removed their factory from that city to Newark. They manufacture the "Climax" stogie.

## 15 YEARS AGO.

(From Advocate, Aug. 17, 1902.)

Marriage licenses were issued yesterday to Benjamin F. Baggett and Sarah C. Worley; Harry B. Disbennett and Lulu Rose Foster; John F. Miller and Rose M. Quecke; Elmer J. Lovell and Elizabeth F. Jones. Mrs. Addison Dickinson, daughter Mary and little son, returned home from Mt. Vernon yesterday.

Miss Louise Knauber of Holiday street is visiting friends in Columbus.

Robert M. Watson left today for White Lake, Michigan, to camp for several weeks.

Daniel Morgan left yesterday for Sheboygan, Wis., where he will spend the next few weeks.

## The World War a Year Ago Today—Aug. 17.

British repulsed repeated German attacks on the Somme line and captured German trenches. Russia admitted reverses on the Zlota-Lipa.

## Two Years Ago Today.

Von Mackensen's German army cut the Chokan-Brest-Litovsk railway and captured 240 cannon, with 4,500 Russian troops, in the forts defending Kovno, Poland.

## Three Years Ago Today.

Belgian government abandoned Brussels.

## MARTINSBURG.

Mr. and Mrs. C. C. Cummins spent Saturday at Camp Perry, near Sandusky, the guest of their son Clarence, who is in the signal corps of the United States army.

Mr. and Mrs. R. H. Ralston and daughters, Grace and Louise, of Newark, spent Saturday and Sunday with Mr. and Mrs. Isaac Miller.

Mrs. Gertrude Foster and Mrs. Mary Custom of Cleveland, returned home, Sunday, after spending a few days with their sister, Miss Winifred Davis.

Archie Purdy of Roswell, N. M., is spending a few weeks with his father, Calvin Purdy.

Mr. and Mrs. William Dodd of Co-shooton, are the guests of Mr. and Mrs. S. B. Dodd.

Mrs. J. S. Schooler and daughter Clara, returned to their home in Columbus, Sunday, after a two-weeks' visit with Mrs. Emma Kerr.

Miss Clara Tilton returned Friday from Minneapolis, where she spent

## The Advocate's LAURELING DOG

The censure of those who are opposed to us, is the nicest commendation that can be given us.—St. Exremond.

Cruelty to Time. The band leader beats Time, the church. This sounds quite cruel till it is told you that some idle girl is trying hard to kill it.

Aunt Caline says:—Ole Uncle Will D. Clene he is most offe absent-minded an' last Saturday nite he fixed him a tub o' water an' got into it, an' after about a hour he called to his wife to come in an' when she got in, there he was a-sittin' nee deep into the tub an' says he, "My dear, my mem'ry seems to be a-gettin' offle poor," he says.

Now I wonder what did I get in here for?" he says.

Speaking of 12-Cent Milk. Mary had a little calf. She guards it like a fort. For Mary knows some of the calf will be her main support.

Our little Mary has a pah. Of calves, her skirts are short. So it's impossible you'er Could doubt they're her support.

In spite of all the patriotic talk about it we imagine that the average well-to-do garbage can hasn't noticed yet that it's being cheated particularly.—Ohio State Journal.

Perhaps not cheated exactly, but several weeks with her sister, Mrs. Grace Thompson.

Mrs. Eunice Wilson and son Raymond are the guests of Mr. and Mrs. Thomas Valner of Ram Rock.

Miss Susie Blue is spending the week in Fredericktown with her sister, Mrs. Douglass Wilson.

Mrs. Jane Barcus, Mrs. Anna Reed and Messrs. Harvey and Walter Barcus of Dayton, spent Saturday and Sunday with Mr. and Mrs. John Barcus.

Several weeks with her sister, Mrs. Grace Thompson.

Mrs. Eunice Wilson and son Raymond are the guests of Mr. and Mrs. Thomas Valner of Ram Rock.

Miss Susie Blue is spending the week in Fredericktown with her sister, Mrs. Douglass Wilson.

Mrs. Jane Barcus, Mrs. Anna Reed and Messrs. Harvey and Walter Barcus of Dayton, spent Saturday and Sunday with Mr. and Mrs. John Barcus.

Several weeks with her sister, Mrs. Grace Thompson.

Mrs. Eunice Wilson and son Raymond are the guests of Mr. and Mrs. Thomas Valner of Ram Rock.

Miss Susie Blue is spending the week in Fredericktown with her sister, Mrs. Douglass Wilson.

Mrs. Jane Barcus, Mrs. Anna Reed and Messrs. Harvey and Walter Barcus of Dayton, spent Saturday and Sunday with Mr. and Mrs. John Barcus.

every pious garbage can is going to feel the chance "from the ancient regime" (which is another of our classical Ohio expressions,) of stylish garbage to the few humble scraps that will attract no attention whatever.

Wanted. 736—A man with tuberculosis needs a pair of pants. (Adv.) This is a statement that no right-minded person would attempt to deny. And we personally feel that it is equally applicable to a man without tuberculosis.

No Joke. Fine feathers do not make fine birds, I've often heard folks say: But now then a fellow's clothes Make him look like a Luke McLuke.

And many girls we've seen wear what For clothes is an excuse: Fine feathers, sure, but do they not Make her look like a goose?

Did You Know That if the earth had no atmosphere, we should be involved in total darkness from the instant of sunset till the instant of sunrise? The transition from day to night and from night to day, occupies an interval which varies with the latitude and the declination of the sun, and this intermediate stage is called twilight. As long as the sun is not more than 18 degrees below the horizon, its light is reflected by the air. In tropical regions the twilight is short and its duration increases with the latitude. A curious phenomenon known as the after-glow, or second twilight, often seen in the Nubian desert, is referred by Sir John Herschel to a second reflection of solar light in the atmosphere.

What did I get in here for?" he says.

Speaking of 12-Cent Milk. Mary had a little calf. She guards it like a fort. For Mary knows some of the calf will be her main support.

Our little Mary has a pah. Of calves, her skirts are short. So it's impossible you'er Could doubt they're her support.

In spite of all the patriotic talk about it we imagine that the average well-to-do garbage can hasn't noticed yet that it's being cheated particularly.—Ohio State Journal.

**Wall Street.**  
 (Associated Press Telegram)  
 New York, Aug. 17.—The confusion existing in speculative quarters is rapidly subsiding. Conditions were again reflected in the irregular movement of prices at the opening of today's market.  
 Price movement became more erratic during the forenoon, some stocks adding to their gains while others lost. The more active industrial and commodities the usual week end closing of short commitments was indicated.  
 The closing was irregular. Liberty bonds 92 1/2@93 1/2.  
 The heaviest of bids and strength of industrial bonds, a volume constituted the conflicting features of today's dull market. Sales approximated 425,000 shares.

**REICHMANN PROMOTION IS HELD UP BY SENATE**  
 (Associated Press Telegram)  
 Columbus, Aug. 17.—Colonel Carl Reichmann, whose promotion to brigadier general in the regular army was not acted upon by the senate military committee at Washington today because of alleged pro-German utterances, is well known in Ohio, having been stationed here for several years as inspector general of the Ohio national guard.

**SUIT FOR MONEY.**  
 Mrs. Anna Hartman has filed a petition in the court of common pleas against The Industrial Commission of Ohio, the petition reciting that her husband was so badly injured when struck by a B. & O. train on March 22, that he died shortly afterwards, and that the accident occurred while he was in line of duty, being an employee of the Ohio Light & Power company, and on his way to work when struck by the train. The plaintiff asks that she be awarded \$2,500 damages.

## STATE PROBERS ARE TOLD CARS SOLD TO CANADIAN ROADS

(Associated Press Telegram)  
 Columbus, O., Aug. 17.—Numerous equipment companies are buying coal and other cars from Ohio railroads and from railroads throughout the country and many of the cars are loaded with coal and the cars and coal sold to Canadian railways, it developed at a conference here today between members of the state public utilities commission, representatives of the Ohio attorney general's office and an agent for the General Equipment Company of New York, one of the most active of the purchasing concerns.

The conference was held for the purpose of getting some idea of the sale of cars by Ohio roads, and of repairs of these cars by the railroads. The commission has been particularly interested because of statements from most carriers in the past that they not only are short of rolling stock but that shops are crowded and bad orders held up for months.

Sale of cars has been confined in large part to light wooden coal cars not serviceable in heavy trains, and steel cars such as are now hauled by most Ohio railways, it was testified. Those bought for Canadian railways and repaired in Ohio shops largely were this type of car, it was said. Buying agents declared they would have been scrapped had not a market been found for them.

The conference also developed the fact that many Ohio roads have bought cars they could use in the state from equipment concerns that have been buying for the Canadian railway.

Repairs made to those cars sent out of the state are only running repairs to make the cars serviceable for hauling one consignment of coal into Canada, agents declared. They said the railroads work on them in Ohio shops "in spare time" or when forces of workmen are prevented from working on the company's own cars because of lack of materials. By making the repairs, the agents claimed, the shops are not forced to let out while materials are being awaited.

The morning session of the conference developed the fact that the traffic in cars has been going on for several years, a company selling cars it could not afford to rebuild and for which it could receive more money than if the car was scrapped, or buying cars secured from other lines that might be serviceable for branch line or other particular service.

Agents declared they believe that traffic of benefit to the state because money from sale of obsolete cars was put into new and better equipment while it ridged the state of rolling stock not suited to heavy and fast traffic and dangerous when put into such service.

**JAP FREIGHTER ASHORE.**  
 San Francisco, Aug. 17.—The Japanese freight steamer, Koto Hira Maru, went ashore on an island of the Aleutian group, near Dutch Harbor, Alaska, July 27, and vessel and cargo valued at \$1,000,000, will be a total loss, according to a message received here today by the chamber of commerce. No details regarding the fate of the crew were received.

## GERMANY WILL GRANT CONCESSIONS TO POLAND

(Associated Press Telegram)  
 London, Aug. 17.—Reuters says it learns on good authority that German concessions in Poland are expected shortly, but that they will be conditional on Austria's approval. It is probable, says the agency, that the central powers will offer a regency composed of three eminent Polish politicians and a ministerial cabinet and council of state which will not have as members any person who belongs to the provisional council of state, the ground being taken that the latter individuals have lost Poland's confidence.

Mr. and Mrs. E. L. Curry and Charles Harris returned last evening from a ten days' automobile tour through Indiana, Illinois and Missouri.

## PUBLICITY MAN FOR NEXT LOAN

Oscar A. Price, publisher of a newspaper in the mountains of West Virginia, is director of publicity for the second liberty loan, succeeding Robert W. Woolley, who handled the first loan. Price has been auditor for the interior department for four years.

**The Length of Revolutions.**  
 For its size and significance the Russian revolution was one of the quickest and least sanguinary on record. Six days practically saw the end of it, whereas more than three years elapsed between the storming of the Bastille and the proclamation of the French republic. It took six days of barricade fighting in 1830 to persuade Charles X. to abdicate, but Louis Philippe fled in 1848 after only two, though the subsequent state of siege lasted four months.

England was ten years in establishing a commonwealth, and five weeks sufficed to convince James II. that French soil was healthier for him than English. The Italian wars of liberation occupied most of 1800, and the insurrection in which the Greeks deposed King Otho in 1826 was over in fourteen days. The quickest revolution on record was that of Portugal in 1910, which was over in a day—London Observer.

**How the Horsefly Bites.**  
 When a horsefly alights on a horse he walks around looking for a tender spot, and this he finds with his hairy feelers. Then he cuts a hole with the scissors on each side of his central tubular tongue.

An ordinary lead pencil cannot be sharpened to a point without sharpening the lead. So it is with the tubular end of this tongue-like extension of the horsefly, says the Popular Science Monthly. Nature has provided it with barbed, piercing "derrick ropes." The fly inserts these sharp points into the horse and then pulls back on them. The barbs hold, and the fly's tongue is forced down into the horse's flesh. But if the hole has already been made then it is not necessary for these elaborate tools to be taken from the sheath in which they are placed within the tongue or proboscis. The blood is sucked up by the tongue in practically the same way as by other forms of flies.

**Inequality of Punishment by Fines.**  
 An anomaly in our jurisprudence, limited, however, to the administration of criminal law, is the evil of allowing the purchase of immunity from punishment, writes Franklin Taylor in Case and Comment. A penalty is imposed with the alternative of paying a fine. The rich man pays and goes free. The poor man is imprisoned for not having the money. And even among those who can afford to thus purchase immunity the result is most unfair, because the punishment, instead of being commensurate with the degree of the offense, meets its severity according to the size of the defendant's pocketbook. To one man the amount is of no consequence, is not even a punishment. To another, because of his lowly position, a similar amount may mean weeks of toil, hardship, privation and suffering to himself and his dependents.

**China and the Tartars.**  
 The Manchou-Tartars, who conquered the early Chinese, have left the impress of their former manner of life upon many styles seen today in Chinese fashions of clothing. For instance, the official coats, as seen in China at the present time, are made with very peculiar sleeves, shaped like a horse's leg and ending in what is an unmistakable hoof, completely covering the hand. These are known as horsehoe sleeves. This is owing to the intense love of the early Tartars for horses, from whom they were practically inseparable during their generations of wild wandering before settling down in China proper. The old cue is also said to have been worn in imitation of the horse's tail and also as a useful halter to tie about the horse when the Tartar curled up beside his beloved dumb friend for a sleep.

**Walrus of Alaska.**  
 The Alaska walrus are enormous. The average one is as big as an ox, and it often weighs more than a ton. A walrus was recently killed by some whalers near Point Barrow, whose head weighed eighty pounds, and skin, including flippers, 500 pounds. That animal had a girth of fourteen feet, and its weight was over 2,000 pounds. The skin was from half an inch to three inches in thickness, and the blubber weighed 500 pounds.

**Air In the Lungs.**  
 In one minute, in a state of rest, the average man takes into his lungs about 48 cubic inches of air. In walking he needs 97.6 cubic inches; in climbing, 140.3 cubic inches; in riding at a trot, 201.3 cubic inches; and in long distance running, 347.7 cubic inches.

**Enigmatical.**  
 "Bludily certainly speeded some in his new automobile before the cops got him. The machine attracted lots of attention."  
 "Yes, I noticed a great many persons were struck by it."—Baltimore American.

**Almost Unforgivable.**  
 "I asked Arthur how old he thought I was, and he guessed right the very first time."  
 "Have you made up yet?"—London Stray Stories.

**Reduced to Nothing.**  
 Boy—What is "slag" papa? Dad—The residuum of a man's iron will after going through the matrimonial furnace!—Town Topics.

## WILL TRY DRAFT BOARD MEMBERS NEXT MONDAY

(Associated Press Telegram)  
 New York, Aug. 17.—The trial of Louis I. Clark and Samuel J. R. Bernfield, the first in the country involving men appointed by President Wilson to aid in the selection of men for the new national army, will begin here on Monday. The defendants were members of local exemption board No. 99 until their removal last week by order of President Wilson. Their indictment by the federal grand jury for alleged conspiracy to falsify the examinations of men of draft age soon followed.

**BOLT IGNITES STACK.**  
 Alexandria, O., Aug. 17.—John Edwards, a tenant on the Davis farm south of this village, was rendered unconscious from the shock of a bolt of lightning which fired a strawstack in his barnyard yesterday afternoon. At the time Mr. Edwards was covering some wheat near the strawstack, the threshers having just completed work in the barnyard a short time before. A physician was summoned and the injured man remained in a state of coma for several hours but this noon was reported as able to be up.

**50 INNINGS WITHOUT ERROR.**  
 (Associated Press Telegram)  
 Lincoln, Neb., Aug. 17.—The Lincoln baseball team of the Western League has set a unique mark in recent times, the first error made by any member of the team in 50 innings, or more than equivalent to six games, being made yesterday with Hutchins according to a resume made public today.

## ADMINISTRATRIX'S SALE

The undersigned will offer for sale at public auction, at the late residence of John F. Holler, deceased, McKean Township, Licking County, Ohio, being four miles north of Granville, Ohio on **TUESDAY, SEPT. 4TH, 1917** the personal property of the said John F. Holler, deceased, consisting in part of the following:  
 Four general purpose horses, 1 bay mare, eight years old; 1 bay mare, five years old; 1 bay gelding, seven years old; 1 brown gelding, three years old; five milk cows, 3 of which are Jerseys; 1 Holstein and 1 a short horn. These cows are giving milk at this time. 1 short horn heifer calf and 1 Jersey calf; 3 shoats, 19 Dorset ewes, 14 Dorset lambs, 1 Dorset ram. 15 acres of growing corn, 1-2 interest in seven acres of oats, hay tetter, 1 new top buggy, 1 surrey, 1 sleigh, 1 mowing machine, potato digger, 1 Sharpless cream separator, harrow, 1 break-plow, 1 two-horse wagon, set hay ladders, 1 corn sheller, 1 corn plow, 1 set of light double harness, 2 sets of buggy harness, 2 sets of double work harness and many other articles too numerous to mention.  
 Sale to commence at 12 o'clock, Standard Time.  
 Terms:—Purchases amounting to \$5.00 or less to be paid in cash; above that sum, notes on nine months time, with two or more approved sureties will be taken.  
**JOHN F. HOLLER,**  
 Administratrix  
 B. O. Horton, Jos. W. Horner, Clerk Her Attorney  
 L. S. Robinson, Auctioneer. 8-17-21-31

**CASH FOR CREAM**  
 BEGINNING

**SALE OF STATE CANAL LAND.**  
 The Superintendent of Public Works of the State of Ohio, acting for and on behalf of said state, in accordance with the provisions of Section 7 of the Act of the General Assembly of the State of Ohio, passed May 21st, 1911, and in accordance with the provisions of sections 12371 of the General Code of said state, will offer for sale at public auction at the door of the courthouse in the City of Newark, Licking County, Ohio, at 10 o'clock on the 21st day of September, 1917, the following described real estate:  
 That portion of the abandoned Ohio canal in Madison township, Licking County, Ohio, extending through the Children's Home Farm that is described as follows:  
 Commencing at the intersection of the easterly line of the Children's home farm, with the abandoned Ohio Canal, and extending thence westerly 2150 feet, more or less, over and along said abandoned Ohio canal property, including the full width of the bed and banks thereof, as shown by Bruce Doughton's survey of said canal, made under the direction of the State Board of Public Works in the year of 1912, to the easterly line of a tract of land conveyed by the State of Ohio to The Newark Sash and Planing Company by deed, dated June 25th, 1914, and containing 4.58 acres, more or less, excepting therefrom, however, the leasehold rights of the Newark Sash and Planing Company for pole line purposes over the outer slope of the towing path embankment of said Ohio canal, by lease granted August 16, 1904.  
 It has been determined that said lands are not necessary or required for the maintenance or operation of any of the canals of the State of Ohio, and same has been appraised at the sum of \$3221.23 and the said lands and three-fourths of said appraisement will be considered.  
 Terms: Cash on day of sale.  
**JOHN MILLER,**  
 Superintendent of Public Works of Ohio. 8-17-31

**APPLICATION FOR CLEMENCY.**  
 Notice is hereby given that at the next meeting of the Ohio Board of Pardons and Commutations to be made for clemency in the case of Joseph Dermer convicted at the November term, 1914, of the County of Common Pleas of Licking County, of the crime of burglary inhabited dwelling (mewer) and sentenced to imprisonment in the Ohio Penitentiary for the period of indeterminate years.

**SALE OF STATE CANAL LAND.**  
 The Superintendent of Public Works of the State of Ohio, acting for and on behalf of said state, in accordance with the provisions of Section 7 of the Act of the General Assembly of the State of Ohio, passed May 21st, 1911, and in accordance with the provisions of sections 12371 of the General Code of said state, will offer for sale at public auction at the door of the courthouse in the City of Newark, Licking County, Ohio, at 10 o'clock on the 21st day of September, 1917, the following described real estate:  
 That portion of the abandoned Ohio canal in Madison township, Licking County, Ohio, extending through the Children's Home Farm that is described as follows:  
 Commencing at the intersection of the easterly line of the Children's home farm, with the abandoned Ohio Canal, and extending thence westerly 2150 feet, more or less, over and along said abandoned Ohio canal property, including the full width of the bed and banks thereof, as shown by Bruce Doughton's survey of said canal, made under the direction of the State Board of Public Works in the year of 1912, to the easterly line of a tract of land conveyed by the State of Ohio to The Newark Sash and Planing Company by deed, dated June 25th, 1914, and containing 4.58 acres, more or less, excepting therefrom, however, the leasehold rights of the Newark Sash and Planing Company for pole line purposes over the outer slope of the towing path embankment of said Ohio canal, by lease granted August 16, 1904.  
 It has been determined that said lands are not necessary or required for the maintenance or operation of any of the canals of the State of Ohio, and same has been appraised at the sum of \$3221.23 and the said lands and three-fourths of said appraisement will be considered.  
 Terms: Cash on day of sale.  
**JOHN MILLER,**  
 Superintendent of Public Works of Ohio. 8-17-31

# LET EVERYBODY WITH a HOME or HOME AMBITIONS NOTE THESE FACTS ABOUT STEWART BROS. & ALWARD COMPANY'S GREAT ANNUAL SALE

## =Three Rules=

To Guide You In Furnishing a HOME

### ---First---

Keep firmly in mind your IDEAL of a SUCCESSFULLY furnished home!

A SUCCESSFUL home truly reflects your station in life, gives expression to your good taste, affords lasting satisfaction to yourself and is a delight to your friends.

### ---Second---

Use ordinary common sense!

Seek the desired things where they are to be found in largest assortment, most up to date styles, best values and most helpful service. Your common sense will tell you whether FOUR GREAT BUILDINGS IN ONE, under one roof, offers a larger choice than ONE store a quarter the size.

### ---Third---

Get trustworthy advice!

Advice to be trustworthy must be based upon wide experience. For nearly twelve years Stewart Bros. & Alward Co. has been furnishing homes of every character thereby building a foundation for trustworthy advice. This advice absolutely without cost.

(When you permit these three rules to guide you in selecting furnishings for YOUR home, you are sure of obtaining the IDEAL in home building.)

—that there is widest range of choice—MORE THAN THIRTY THOUSAND DOLLARS' WORTH OF STEWART BROS. & ALWARD CO. UNIFORMLY GOOD FURNITURE and PRACTICALLY ALL OTHER LINES OF HOME FURNISHINGS FROM WHICH TO SELECT—

—that this is the best opportunity in which to furnish any home that aims at permanency. The fact that it is the best sale from which to furnish an elaborate home does not alter the fact that it is the best place to furnish a small room or small home—it only makes it all the more certain—

—that this GREAT ANNUAL SALE is now well established, has the merited CONFIDENCE of the people and is certain to lend you a helping hand in CUTTING THE COST of furnishing your home.

## Amusements

### THE GRAND.

In "The Fatal Ring," which opens at the Grand next Sunday, Miss White plays the role of a twentieth century girl whose love for a gentleman leads her into a path of romance and adventure. It is positively the best serial ever filmed, being crammed full of suspense, thrill, fight, intrigue, love and villainy. The story is by the author of "The Lion Claw" and "The Shielding Shadow." The first episode, "The Violet Diamond," will be shown at the Grand next Sunday in connection with "The Nick of Time Baby," a Keystone comedy.

### AUDITORIUM.

The Auditorium is today a record breaking business. This week and the double program offered daily seems to have struck the popular fancy, for the crowds have grown enthusiastic over them and have flocked to this playhouse. Today the William Fox Co. offers R. A. Walsh's drama, "The Innocent Sinner" and George Walsh, who is seen in his best picture, "Melting Millions." "The Innocent Sinner" is the feature of course and it tells a wonderful story, a short synopsis being given. When the drama begins, Mary Ellen is a little country girl from a small town in the West. She is a simple, honest, and true girl. She meets a young man from the city, Walter Benton, and he asks her to come with him, she refuses, leaving her home. He takes her to a resort run by Madame McCann and his repeated lies convince the girl that some day he will marry her.

### FIFTY-FIFTY.

"Fifty-Fifty" is a Triangle feature, with Norma Talmadge as the star, together with a two reel Keystone comedy. It will be seen at the Auditorium next Sunday. A singer is also promised.

"Fifty-Fifty" written by Robert Shiras and directed by Allan Dwan, is given a most elaborate presentation. The photographs are wonderful, the situations thrilling and Miss Talmadge in three different roles is a wonder. The story, starting out in the first part as a buxant outburst, becomes a melodrama and finished at the end as a mother torn by the conflict of duty and love.

Miss Talmadge has exceptional opportunities to show her versatility and she has taken full advantage of them. "Fifty-Fifty" is a most pleasing feature. The comedy is said to be one that will hand you many laughs.

### The Smart Man's Son.

Harvard Huston, the clever lackey, Paramount's character actor, who will be seen at the Auditorium next Monday and Tuesday, is the star of "The Smart Man's Son," a most interesting production of the Famous Players-Lasker Co.

"The Smart Man's Son" has been an emphatic proof of that organization's ability to produce a first class play. It is a most interesting production of the Famous Players-Lasker Co.

tions, convulsing trucks, and troubles many mischievous chicanes, the bad boy's boomerangs, the grocer's man's fresh griefs, songs that will charm and bewitch the ear, are all promised when this company is seen at the Auditorium on Saturday, August 25th for a matinee and evening performance.

Wilds, New York Critic, says of "A Tale of Two Cities," "Impressive, artistic, yet tense and human drama. Considered technically, this is certainly the best production William Farnum has ever appeared in. He has been surrounded with truly impressive atmosphere, and yet the dramatic moments hold beautifully, with many numbers of truly tense scenes which convince and grip."

Pathe-Hearst News tomorrow has some late eventful happenings, taken in all parts of the world. The war news section is official, having been taken on the front by the French government and these weeklies are shown at the Auditorium Monday and Saturday.

ALHAMBRA. Sunday. Hazel Daly, famous as the creator of the role of "Honey" in Lesany's Skinnet pictures, is now appearing as Bryant Washburn's leading woman in feature, "Filling His Own Shoes." Miss Daly is seen as a rich American girl in Paris in this picture which has been adapted from the popular novel by Henry C. Rowland. The role promises to be the best of her screen career.

## WOULD YOU MARRY A GIRL

Who has caused the death of your cousin, and brought his mother to an untimely grave? Would all the stories of her innocence bring you to forgive? Here is such a problem.

**WILLIAM FOX**  
PRESENTS IN R. A. WALSH'S GREAT PHOTOPLAY,

**THE INNOCENT SINNER**  
WITH MIRAM COOPER

AT THE  
**Auditorium**  
TODAY and TOMORROW

DOUBLE PROGRAM  
Besides the above big picture, today you see

**GEORGE WALSH**  
"Melting Millions"

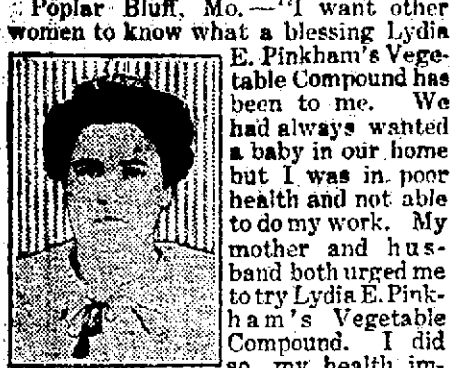

If you are blue today, see Smiling George.

TOMORROW ANOTHER DOUBLE SHOW

MOTHERHOOD  
WOMAN'S JOY  
Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."

Mrs. ALMA B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

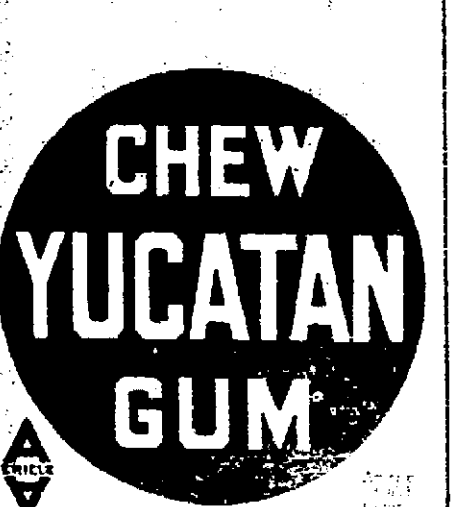

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

D. P. McDONALD Principal.

On September 4th, the Newark Business College opens its 33rd year. This popular business college has had a wonderful growth, because it has met the demands of the business world. Thoroughness has always been the aim of the management, hence its students are "trained" to do office work efficiently. That is why perhaps that there are three positions for every graduate. Ambitious young people who are anxious to get into business positions in the shortest possible time, should plan to join this College next month. The school has day and evening sessions. Phone 4523. S-15-17

WHILE driving in your Packard, Chalmers or Ford

Cocconut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulled coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulled coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. (Advertisement)

See Eyes, Granulated Eyes, Eyes Itchy, by exposure to Sun, Dust and Wind, promptly relieved by Murine Eye Remedy. No Stinging, No Eye Comfort. At your Druggist's by mail, 50c per bottle. For Book of the Eye Free, ask Murine Eye Remedy Co., Chicago.

PYTHIANS ENJOY  
PICNIC AT LAKE;  
1500 WERE PRESENT

Approximately 1500 attended the first annual picnic of Licking Company, No. 121, Uniform Rank, Knights of Pythias, yesterday at Buckeye Lake.

Great enthusiasm was shown in the different contests and the many contestants amused the great crowd present. Prizes of all sorts, including most everything from a ham to a statue, were given the following winners:

Nail-driving contest, Elsie Reck; potato-peeling, Raina Mayer; fat man's race, R. H. Tharp; boys' race, George Harding; girls' race, Bortha Mossholder; peanut race, Ariel Spicer; high-jump, Frank English; fat women's race, Cora Marshall; lean women's race, Mrs. Charles Benz; snapping contest, Maurice Vorhees; sack race, John E. Moore; ball-throwing contest, Mrs. John Tucker; three-legged race, J. E. Caughman, Columbia, S. C. and Otto Feyerabend, Montgomery, Ala.; needle threading contest, Mildred Mayer, and the prize waltz was won by Bernice Pease and R. F. McLaughlin; Louise Reichert and Ray Day.

There was but one incident which marred the day's fun beside the rain. J. B. Lentz, 17 Curtis avenue, sustained injuries to his back when he became too zealous in participating in the racing.

BELIEF'S PATENT  
TANLAC'S SUREST

Every Sick Mortal Who Partakes of the Master Medicine Voices Heartfelt Gratitude and Satisfaction.

Though hundreds of Newark men and women have turned to Tanlac seeking health, none have been disappointed. The Master Medicine gives each and everyone that degree of relief which impels them to speak publicly of its matchless merit. John Patterson, B. & O. fireman, living at 232 Indiana street, stated as follows:

"Nervous dyspepsia had me all torn up; my blood wouldn't circulate right, heart palpitated, hands and feet cold, and my breath was short after eating. Of course, the little at didn't do me much good and I got weaker and weaker. I wasn't sleeping, just aching and felt like I had to go to bed. No matter which medicine I took I kept getting worse. 'I'm anything but a sick man now. My health's booming, I tell you. Tanlac got after my stomach and made it get busy; dyspepsia was doomed. I could feel my feet and hands warming up, the gas quit coming, heart beat easier—no shortness of breath. My appetite's wonderful. I sleep like sixty and can't get enough to eat."

Tanlac, the new vegetable tonic, stomachic, combatant and invigorant, is being specially introduced at Evans' Arcade drug store, where the Tanlac man gives the particulars to steadily-growing crowds daily. Tanlac may also be procured at the Evans' pharmacy, Warden hotel building, east side square, Newark, and at the Hebron Drug store, Hebron.

NEW YORK'S BANKS  
GIVE MEN AS WELL  
AS MONEY TO WAR

(Associated Press Telegram) New York, Aug. 17.—The extent to which New York brokerage offices and banking institutions of the city have been forced to employ women to replace men called to the colors is shown in figures compiled by several of the larger institutions made public today.

The Guaranty Trust company already has 150 men in service and nearly 700 of the 1400 men in its employ are subject to the draft. Of the 1700 employees, 300 are women. The number of women has greatly increased in the last few months.

The National City bank has 140 men in the military service and 453 are subject to the draft, with the expectation that about 75 will go on the first call. The bank employs 400 women, of whom 65 per cent have only recently been added to the roster.

The National Bank of Commerce employs 147 women and the Bankers Trust company has 185 women employees.

EAST NEWARK WOMEN  
AID RED CROSS WORK

The Red Cross auxiliary of East Newark turned into the work-room at the high school this week. 41 garments. The East Main Street M. E. church is open every Tuesday and Friday afternoon for work. A cordial invitation is extended to all women of East Newark to assist in the patriotic work. Miss Ella Dunn is chairman of the East Newark auxiliary.

TRAGESSER IS DRAFTED. Lafayette, Ind., Aug. 17.—Walter Tragesser, of Lafayette, catcher for the Boston National League baseball team, has been ordered to report here next week for examination for the national army. Tragesser replaced "Buck" Gowdy as regular backstop for the Braves when the latter joined the Ohio National Guard.

DRUMMERS PLEDGE AID. Washington, Aug. 17.—Traveling salesmen's organizations, comprising about 600,000 members have pledged themselves to a wheatless and meatless meal every day the food administration announced today. They also pledged their co-operation in the food conservation movement.

C. OF C. COMMITTEE  
URGES FILTRATION  
OF WATER SUPPLY

The water purification committee of the membership council of the Chamber of Commerce made its report to that body last night and urged that the whole community get behind the city council in promoting this improvement. The meeting was attended by many prominent business men, who participated in the general discussion and declared that some way must be provided to finance this necessary improvement. The committee was requested to meet next Monday night with the city council and offer its services to aid city authorities to work out a plan. It was the sense of the meeting that a filtration plant can be obtained which will provide for the city's growth for many years.

The subject of additional sewerage also was considered. In connection with sewerage, garbage disposal was discussed and City Engineer C. H. Wells gave some valuable information in response to questions.

Chairman Stasel was directed to appoint a special committee to go into the sewerage question in all its phases and report back to the membership council.

GOO FAIR BOOSTERS  
TOURING COUNTY

Nine cars filled with business men left the Chamber of Commerce early this morning filled with advertising matter for the Licking county fair. Each car covered a separate route and every part of the county was reached and placards posted.

The cars went as far south as Somerset, north to Croton and Fallsburg, west to Pataskala, and east to the county line. Owners who furnished cars were: J. R. Walters, J. R. Speck, The Ohio Light and Power Co., with E. T. Hollingsworth in charge; C. D. Lake, Eugene Fletcher, A. R. Lindorf, W. E. Mazey, George Hermann and E. H. Frame. This is the largest advertising crew that ever was sent out to advertise the fair.

Jacksontown Grange is the first of the 26 subordinate lodges to enter its contestants in the tug of war between a team of Grangers and a team of townsmen on Grange day at the county fair. The Jacksontown representative is Charles Pitzer, with Owen Helsler and Clem Frymuse as alternates.

GERMAN REPORT TOO BIG. (Associated Press Telegram) Paris, Aug. 16.—The German official report of merchant ships sunk by submarines is exaggerated forty per cent, according to the results of the conference of admirals of allied navies which was held at Paris, July 25.

Where Will You Be At 65 Years of Age?

At twenty-five, sixty-five seems far away but it may be interesting to know just where one will be financially at that age.

The following statistics were compiled by a big Life Insurance Company after a vast investigation for its own information. We quote them as recently published by The American Magazine.

"Out of 100 average healthy men at twenty-five, at sixty-five, thirty-six will be dead, one will be rich, four will be wealthy, five will be supporting themselves by work, fifty-four will be dependent upon friends, relatives and charity."

**Services at Hanover.**  
Preaching at Hanover, Sunday morning. Black Hand in the evening. The basket picnic and all-day meeting of Bowling Green at Montgomery schoolhouse, morning and evening.

**All-Day Meeting.**  
The five congregations of the Linville charge will meet at Carmel C. U. church next Sunday for an all-day meeting. Morning services at 10 a. m. Dinner served at the church. Good speakers. Rev. J. F. Porter of Coshocott, will speak in the afternoon. Everybody invited. Rev. M. A. Lamp, pastor.

**Admitted to Officers' Camp.**  
Oscar Stanton of Pittsburgh, son of Mrs. Ludwig Rauchut of Atlantic City, who is visiting her mother, Mrs. Elizabeth McKenna, South Third street, has received an appointment to the Pennsylvania officers' reserve training camp. He will spend Sunday with his mother here before leaving for camp.

**Good Matinee Races.**  
The matinee races at the Mound-builders Park yesterday afternoon, held under the auspices of the Newark Driving association, drew a large crowd in face of the many picnics held in various parts of the county. There were three events and the

program was thoroughly enjoyable. There will be another matinee next Thursday afternoon to which the public is cordially invited.

**No G. A. R. Meeting.**  
The G. A. R. open meeting for Sunday, August 19, has been annulled. O. E. Hunt, post commander.

**Buyer Riley O'Connor.**  
Desco Colville, the well-known horseman of this city, has purchased Riley O'Connor, sorrel gelding, of Hudson Hardway. The horse has a mark under 2:20 and is entered at the Parkersburg races today, where the sale took place yesterday.

**Finished Third.**  
Ben D. Jones finished third in the 2:17 trot at the Parkersburg, W. Va., track yesterday afternoon, with his fast little mare Mayone, the winner Rosalie taking three straight heats in 2:17 1-4; 2:17 1-2 and 2:16 1-4.

**Removed to Home.**  
Miss Olive Loughman was taken from Dr. Essington's office to her home, 670 East Main street, in the Bradley ambulance, following an operation for the removal of tonsils.

**Birth Announcement.**  
Born to Mr. and Mrs. Kenneth Yost, Tuesday, August 14, a daughter, at their home in Twenty-first street. Mrs. Yost was formerly Miss Flora Rector.

**Berger Reunion.**  
Will be held at Margaret Albaugh Place, Saturday, August 25. Everybody invited.

**Lieut. Jones Here.**  
Lieut. Richard A. Jones, son of Ellis Jones, is home on a ten day furlough and at his expiration will be assigned to Gettysburg for duty.

**On Annual Vacation.**  
Ralph A. Hutchison, Hudson avenue, salesman for a Chicago packing house, left today for a three weeks' vacation in northern Michigan. Mr. Hutchison will join the hay fever colony at Petoskey and will put in the time fighting and conjecturing how to escape the ravages of the sneeze epidemic when he returns to Ohio.

**HOW OPEN?**  
Ask an engineer how often he has to clean and oil his engine. He will tell you "every day" and "often." Your watch makes as many revolutions in a year as most engines and should therefore be thoroughly cleaned and oiled at least once a year. The dirt and dust of your pocket forms a grime that acts like emery and soon loosens all the wearing parts. Our experts can put your watch in good condition and keep it in good running order. Bring it in and let us clean and oil it. It may be as good as like to get a new one. We have many of the very latest styles and beautifully engraved ones and they are all good time keepers. Come in and look them over. Yingling's Jewelry store, 6 East Park Place. 17-d-11

THE HUB'S CLEARANCE SALE.

**Granville**

(Special to Advocate.)  
Granville, Aug. 17.—People in this community are awake to the fact that giving and doing for the soldier boys of America and the allied countries, is to be a continuous performance. Those who have not sent boys of their own are full of zeal for all the other boys who are fighting for liberty, and nothing seems to be too much trouble or expense that is asked in the name of Uncle Sam.

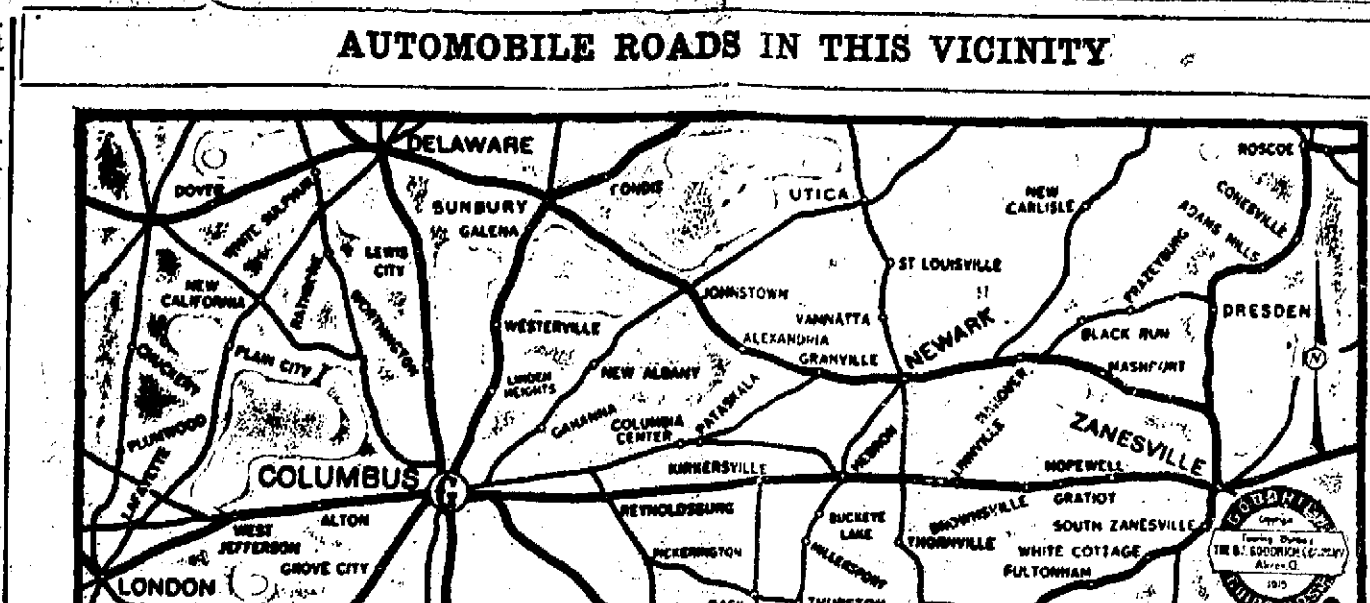

Mrs. T. R. Evans and son and Miss Sarah Evans of Columbus have returned to their home after a ten days' visit with Misses Lily and Myrtle Jones. Mrs. S. E. Swartz of Wichita, Kansas, will be the house guest at the Jones' home for a few days.

Miss Anna Lyon delightfully entertained at her home in East Elm street, Thursday afternoon with a King's Daughters' benefit picnic. About twenty-five guests spent the afternoon in sewing and partook of the appetizing supper served by the social committee.

Granville friends of Mr. and Mrs. Harry Little (nee Dolly Carter) of Abilene, Kansas, both former Granville residents, will be interested to learn that their eldest son, Francis, has received a commission from the government as second lieutenant, with headquarters at Ft. Riley.

Dr. and Mrs. Herbert Green and family who have been visiting at the home of Dr. and Mrs. J. E. Davis, have gone to Athens for a short stay, before locating in Portsmouth.

Dr. James Carleton Bell and family of Brooklyn, N. Y., will be guests at the home of Prof. and Mrs. M. E. Suckney for a few days. An invitation to call informally at the home on Tuesday afternoon and evening, is extended to all friends of Dr. Bell, who graduated from Denison university, and who has many friends in the village.

The accompanying map prepared by the Goodrich National Touring Bureau, shows the main highway connection between Newark and Central Ohio towns. Excellent roads lead from Newark to Columbus, Zanesville, Hanover and Johnstown. A good road between Newark and Ulen is needed.

## GEN. TREAT TO COMMAND OHIO GUARD TROOPS

(Continued From Page 1)  
Officially designated in the war department's assignments as the Thirty-seventh National Guard Division and the Ohio Hundred and Eighty-third National Army Division, Major General Treat is chiefly known as a former commandant at West Point, from where he graduated in 1882, and Major General Glenn for several months past has been commandant at the officers' reserve training camp at Fort Benjamin Harrison, Ind. Treat was born in Maine, but was appointed to West Point from Wisconsin, and Glenn is a native of North Carolina.

Both major generals are former members of the war department's general staff and of the war college. Brigadier General Edward Vollrath of Bucyrus, Ohio's fourth brigadier general, was appointed commander of the Sixty-sixth Depot Brigade of the Sixty-first National Guard army, Palo Alto, Cal. In a note appended to the assignment order, the war department stated that the order of designation of the divisions bears no relation to the order in which they will go to the front. A warning is added that shifts and changes in the officers personnel of the divisions are to be expected.

Under new army regulations each regiment will consist of three battalions of four companies of 250 men each, which, supplemented by supply and machine gun organizations, will bring each infantry unit up to a strength of approximately 3600 men. From the 27,000 officers recently graduated from training camps, a considerable number will be detailed for a course of intensive training in trench warfare with the expeditionary forces already in France. In addition, some officers probably will be sent to French and British officers schools to study the methods of the allies.

**MORE MILES.**  
Have you ever seen one of the tires that have been rebuilt? Have you ever thought it possible to rebuild a tire that seemed to be past using longer, making so that it could be used for several hundred miles more? Then bring in that old tire you discarded and let S. M. Wolfe at 59 Hudson avenue look at it. He can tell whether you can have it rebuilt. Mr. Wolfe has rebuilt many tires and his experience has saved many dollars to users of tires. For vulcanizing or repairing of any kind you will find Mr. Wolfe very reasonable in prices. That is why so many come to this popular store. 17-d-11

## The Courts

**Marriage Licenses.**  
Charles E. Trace, a meat cutter, and Mrs. Cecil E. Trace, both of this city. Rev. A. B. Cox named to officiate.

Forrest M. Day, farmer of Sunbury, Delaware county, O., and Miss Leila M. Burrell of Croton, O. Rev. L. C. Sparks named to officiate.

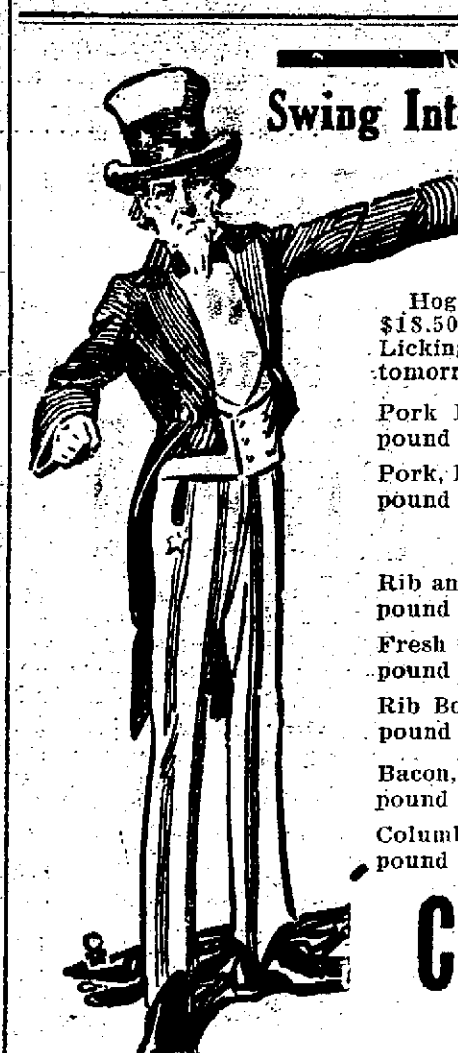

**Real Estate Transfers.**  
Frederick M. Black to Wm. C. Wells, lot 184 in Wells & Miller Park addition; \$1, etc.  
Wm. C. Wells to F. M. Black, lot 141 in Wells & Miller Park addition; \$1, etc.

Wm. E. Miller to Wm. C. Wells, 27 1-2 feet of ground at Twenty-first street; \$1, etc.  
Wm. C. Wells to the Baltimore & Ohio Railroad Co., 1.53 acres of land in Wells & Miller Park addition; \$1, etc.

## TIRED AUTOISTS.

There is nothing that relieves a person so much at the end of a motor trip as a good meal well served. Bringing back zest to faded appetites and tired autoists is our chef's first thought. The choicest meats, vegetables and pastries served in a tempting style is sure to relieve you and make you enjoy the meal. You'll soon forget that you were tired and you'll enjoy these little trips all the more because you know that when you return there's a nice dainty meal awaiting you at McDaniels' Restaurant where the service is right. 17-d-11

**FROST COMING.**  
The frost will soon be on the pumpkin and now is the time for you to think about putting in a BOOMER furnace to protect you from the cool evenings and the long winter days that are sure to come later. Remember we are in a better position to put in the furnace now than we will be later on in the season when the orders begin to pile up. Do you want to go through another winter like last one without the warm influence of a furnace in your home? A Boomer furnace will save you money on your fuel bill and is easy to operate. Call 1524 auto phone and let us talk it over now. J. D. Keeley, 103 West Main street. 17-d-11

Swing Into Line With The Wise

## WOMAN SPEAKER AROUSES POLICE; ASK FEDERAL AID

Seattle, Wash., Aug. 17.—Officials of the police department were undecided today as to what steps they would take toward the suppression of further public speeches by Mrs. Kate Sadler, Socialist leader, who was arrested last night and later released to an angry mob by the arresting officers. Mrs. Sadler had not been located early today and the police were inclined to ask the advice of the federal authorities before seeking her further.

The "People's Council," also known as the "American Conference for Democracy and Terms of Peace," was to be held today. Two small meetings were held yesterday without police interference, and last night's meeting, held in the open air after the management of the Seattle arena cancelled the contracts upon learning the objects of the gathering, was closely watched by police. Industrial Workers of the World, who introduced themselves as such when taking the platform, were prominent among the speakers at all of yesterday's meetings, none of which had been publicly announced.

# Pesky Bed Bugs

A MILLION BED BUGS. Just think, a barrel of old-fashioned bug killing, 50c package of the new golden chemical P. D. Q. (Pesky Devil's Quietude), is enough to make a quart and enough to kill a million bed bugs, no matter how large they may be, where they came from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching. CUT THIS OUT. This new chemical can be had at any first-class drug store. A 25c package makes a quart of P. D. Q. and will go farther than a barrel of old-fashioned bug killing. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe. KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog and KILLS CHICKEN LICE. No need for your chickens to have lice. A 25c package mixed makes a gallon of chicken lice killer. Your druggist has it, or can get it for you. Owl Chemical Co., Terre Haute, Ind.

# REMOVAL NOTICE!

We are now moved to our new quarters 43 South Fifth St.

Where we shall be pleased to see all our old customers and all auto owners, as we shall continue to serve you with the same cordial treatment as we have in the last three years, but with a complete line of accessories, tires and tubes in connection with our expert tire repairing, oils, gasoline and lenses.

### It Will Pay You To Attend the Mid-Summer Sale Saturday

Many general lines and summer articles all over the store are being closed out that you will need for the next three or four months that you can not possibly duplicate at anywhere near the prices we are offering—you will save anywhere from \$5.00 to \$20.00 on suits and coats that are offered in this sale and we urge you to be present Saturday.

**THE COATS WE OFFER**  
AT \$3.50, \$5.00, \$6.50 AND UP TO \$15.00

Are many of them of heavy enough weight to serve you up to the holiday time. Many are of the same weight as the winter fabrics and are lined. Any of these coats will fill the bill exactly for general wear coats and the styles are exactly right. Come in and see them.

**THE HALF PRICE SUITS**

Are of the usual weight, all wool fabrics in the best of shades and colors. It's just the time to secure economically the suit you will want for the next two years. Suits at \$7.00, \$15.00 and \$20.00 that are worth just double these prices and the woman is fortunate who comes in early and gets one.

**THE PRETTY SUMMER DRESSES**  
AT \$5.00 AND \$7.50

At less than we can buy them in the market. They are all choice white and fancy combinations made for this summer's wear and for social occasions throughout the fall.

**THE STREET DRESSES**  
AT \$2.00 AND \$3.00

Are all white linene finished fabrics, neatly trimmed, fancy voiles in white and colors, plain gingham in different colors and a general assortment of pleasing styles at the low prices of \$2.00 and \$3.00 ea.

**THE WHITE SKIRTS**  
FROM 98c TO \$1.98

Are of the latest white skirtings, piques, gabardines and novelty weaves. They are very cheaply priced for this sale and you ought to get one Saturday.

**THE \$2.00 SILK WAISTS**

Include a great variety of all the newest silk materials such as marquisettes, solid colors in sheer silk crepe effects and plain white silks—over 75 to select from, reduced from \$3.50 and \$5.00 to \$2.00 ea.

**THE 19c FANCY SKIRTINGS**

Are this season's skirting materials reduced from 25c, 35c and 50c for this sale. Some white grounds with fancy designs, others linen colored grounds with contrasting figures, all.....19c yd.

**THE 65c SUMMER WAISTS**

Are 98c to \$1.25 waists that have been handled and need doing up. The styles are good. The fabrics are all splendid and there is a general assortment of fancy stripes, plain white voiles and lawns and many novelties, all reduced to.....65c ea.

**IF YOU WANT A PRETTY PARASOL**  
AT \$1.00 TO \$2.50

Ask to see the parasols in the summer sale. All our beautiful silk parasols are reduced for this sale and many of them were \$3.95 to \$6.50, all reduced to these low prices of.....\$1.00 to \$2.50

**COME IN SATURDAY TO THE MID-SUMMER SALE**

**H. H. Mazy Company**

### BURY VEGETABLES FOR STORAGE; WILL SAVE MUCH FOOD

(Associated Press Correspondence)  
Columbus, Aug. 17.—The State War Board, in a bulletin today, appealed to farmers and large-scale backyard gardeners throughout Ohio to return to the old-fashioned method of "burying" vegetables and other foodstuffs for storage.

"It is the wise gardener who this year will store his surplus produce against war needs and high prices next winter," said Fred C. Croxton at War Board headquarters here.

"The farmer, on the other hand, who will store the surplus from fields and gardens, is bound to profit—since crops invariably market at better prices, when they are no longer in season."

Croxton pointed out also that a return to the old method of storing foodstuffs in pits and trenches will be the means of saving tons and tons of perishable produce which otherwise might go to waste.

To drive home the idea, revive memories of old-timers and instruct city gardeners, the state has arranged for demonstrations at county fairs throughout Ohio this fall. A demonstration likewise will feature the State Fair.

Experts will fix model pits and trenches showing just what foodstuffs can be stored by "burying" at very little cost to the producer, and explaining just how to go about it.

Such exhibits already have been booked for fairs at Piketon, Wapakoneta, Zanesville, Sidney, Ripley, Athens, Bellfontaine, Kenton, Hamilton, Coshocton, Tiffin, Eaton, Sandusky, New Lexington, Washington C. H. and Leesburg. More than 40 county fair secretaries have asked that the state stage this demonstration at their fairs.

"The appeal for more war food has met with tremendous response in Ohio," said N. E. Shaw, state secretary of agriculture. "City and farm gardeners are producing record yields. The danger now is that some of this produce may be allowed to go to waste. Potatoes, cabbage, turnips, carrots, beets, the rest of crops of all varieties, pumpkins, squashes—all of them palatable and in great demand during the winter—may be buried in the old-fashioned way at practically no expense."

"Farmers in particular should preserve all food instead of letting it rot in the ground or feeding it needlessly to stock."

R. B. Cruikshank, farm expert with the agriculture extension department, Ohio State University, declared today that use of commercially canned goods on the farm is increasing rapidly in Ohio—because fewer vegetables are being grown and stored there for home use.

"The modern farmer in many cases, is the victim of his own lack of foresight," Cruikshank said. "And the modern farmer's wife seems to have forgotten that it is entirely possible for her to have as many as 15 or 20 vegetables, kept in fresh condition all winter, upon which to draw to furnish her table with healthful and appetizing food. These also are in addition to fruits which she has dried or 'put up.'"

"The same applies to the war gardener who cannot use all perishable products of his garden or who cannot market them profitably in season with the markets swamped with produce."

Croxton also warned that foodstuffs not canned, preserved, dried or stored now by private families and produce-consumers will be preserved commercially.

"And we simply will have to buy them back next winter at double and triple prices," he said.

"The old-time method of burying offers a way to conserve food that has been generally overlooked."

Make your home cheerful with cut flowers. Chas. A. Duerr The Arcade Florist. 17-d-11

## WOMEN'S AND MISSES' STYLISH SUMMER WEARING APPAREL

### FAMILY DOCTOR IN SERVICE GETS PART OF FEE WHILE AWAY

(Associated Press Correspondence)  
Columbus, O., Aug. 17.—Many interesting plans are being devised by groups of local physicians to protect the practice and in a measure relieve the financial burdens of brother physicians who answer the urgent call for army service. Reports received by George V. Sheridan, executive secretary of the Ohio State Medical Association, show that these plans are being put in operation throughout the state.

In Cleveland, the committee has prepared a special placard to be placed in each physician's waiting room which reads as follows:

"Many physicians from Cuyahoga county have gone to the front in the service of our country.

"If you are a patient of any of these, kindly inform the physician whom you are now about to consult of this fact, as 40 per cent of your fee goes to your physician or his family."

In addition the academy of medicine will incorporate a non-profit sharing mutual protective loan association, through which money will be advanced to dependents of army physicians without interest. Loans will be cancelled in event of casualties.

In Toledo, physicians are contributing to a large fund which is managed by the local association, through which all forms of financial relief are offered to doctors who enlist. The expensive initial equipment for medical army officers is purchased from this fund.

In Columbus, plans are under way to collect a fund of \$10,000 per year from the 500 physicians in the county for this general purpose. In addition to the usual relief, every Franklin county physician who enlists will be presented with a life insurance policy for \$1,000 upon which the premium will be paid during the period of the war. In Dayton and Cincinnati similar funds are being raised.

Plans are not confined to large cities. Many county medical associations have arranged for financial relief and practice protection. The situation at McConnellsville is cited as an example. A physician, who has been commissioned, owns and manages a tuberculosis sanitarium. The physicians of Malta and McConnellsville have agreed to operate this sanitarium during his absence without charge. Individual physicians will be assigned to duty there for definite periods by the secretary of the county medical society.

Ohio physicians are setting the pace for the nation in the development of this relief work. The Columbus office of the Association is receiving many inquiries from other states as to the development of the different plans. The direct result has been that many physicians who might have been deterred by financial reasons have responded to the army call for doctors.
